c/o Ms. Filomena King
Reckitt & Colman Household Products
P.O. Box 941
Wayne, NJ 07474-0941

Dear Ms. King:

Subject: Revised Labeling
Mortein Pressure Pak Insect Killer
EPA Registration Number 62226-1
Submission dated February 12, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Submit one (1) copy of the final printed labeling prior to releasing the product for shipment.

1. Delete the illustration- LABORATORY TESTED FOR FAMILY PROTECTION. This is considered a safety claim and is inconsistent with the regulations as outlined in 40 CFR 156.10(a)(5). We also question the illustration of a dog for a product which is intended for the control of fleas but not for use on pets.
2. Expand the directions for space spray to state "Do not remain in treated area. Ventilate thoroughly prior to reentry."
3. Add to the label text examples of hiding places for the crawling insects.
4. Change the signal word WARNING to CAUTION, and move the statement "Intentional misuse by deliberately concentrating and inhaling contents can be harmful or fatal" to the PRECAUTIONARY STATEMENTS section of the product label.

Sincerely,

JFM

Richard F. Mountfort

EPA Reg. No. 62226-1
Amendment date: 2/12/92

FAST KNOCKDOWN
Mortein is completely effective against household insect pests. MORTEIN KNOCKS DOWN AND KILLS INSECTS FAST. Spray Mortein onto crawling insects for best results. Mortein brings fully effective protection to your home by controlling flies, mosquitoes, cockroaches, silverfish, fleas and other insects. Also, Mortein will not stain.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Keep out of reach of children. Do not spray directly on humans, exposed food or food utensils. Should accidental skin contact occur, precautionary washing is recommended. Remove or cover fish tanks before spraying.

BEST AVAILABLE COPY

PHYSICAL OR CHEMICAL HAZARDS

HIGHLY FLAMMABLE. Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Do not use this product in or on electrical equipment due to the possibility of shock hazard.

Care should be taken not to spray delicate fabrics or furnishings and plastic surfaces without prior testing.

DIRECTIONS FOR USE

It is a violation of Federal law to apply this product in a manner inconsistent with its labeling.

Directions for use.

1. To Kill Flying Insects

Close windows and doors and spray high into the air for 4-5 seconds. For rapid action spray directly at insect.

2. To Kill Crawling Insects

Spray directly onto insects and into hiding places, for fast effective results

Clear insects from room with 4-5 second spray

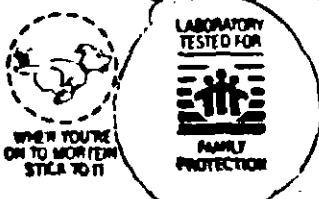

Kill insects quickly with 2 short, direct sprays

STORAGE AND DISPOSAL

STORAGE: Store unused product in a cool area out of reach of children and animals.

DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.

WARNING: INTENTIONAL MISUSE BY DELIBERATELY CONCENTRATING AND INHALING CONTENTS CAN BE HARMFUL OR FATAL.
