Subject: Label Amendment  
Registration Review Interim Decision Label Mitigation  
Product Name: PVS Nolwood Sodium Hypochlorite 12.5% Solution for  
Manufacturing Use  
EPA Registration Number: 62255-1  
Received Date: May 1, 2019  
Decision Number: 550629

Dear Amanda Satterfield:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the sodium hypochlorite Interim Decision, and has concluded that your submission is acceptable.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6) you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In

addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Jack Hall by phone at 202-566-0731, or via email at [hall.john.j@epa.gov](mailto:hall.john.j@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "D. Fuller", with a long horizontal flourish extending to the right.

Demson Fuller, Product Manager 32  
Regulatory Management Branch I

**If on skin or clothing:**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a Poison Control Center or doctor for treatment advice.

**If swallowed:**

- Call a Poison Control Center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the Poison Control Center or a doctor.
- Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. For emergency information on product, **Call your poison control center at 1-800-222-1222**. For general information on this product, call 1-800-921-1200 Monday through Friday 8 AM to 5PM EST or contact the National Pesticides Information Center (NPIC) at 1-800-858-7378. Monday through Friday, 8 AM to 12PM PST.

### NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

EPA ESTABLISHMENT No.  
**062255-MI-001**

EPA Reg No.  
**062255-1**

**Manufactured by**

PVS Nolwood Chemicals, Inc.  
9000 Hubbell Ave.  
Detroit, MI 48228  
(313) 272-0993

**ACCEPTED**

**04/04/2023**

Under the Federal Insecticide, Fungicide  
and Rodenticide Act as amended, for the  
pesticide registered under  
EPA Reg. No. 62255-1

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**DANGER: Corrosive**, Causes irreversible eye damage and skin burns. Harmful if absorbed through skin. Do not get in eyes, on skin, or on clothing. Wear chemical goggles, chemical resistant coveralls and gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

### PHYSICAL OR CHEMICAL HAZARDS

**STRONG OXIDIZING AGENT:** Mix only with water according to label directions. Mixing this product with chemicals (e.g. ammonia, acids, detergents, etc.) or organic matter (e.g. urine feces, etc.) will release chlorine gas, which is irritating to eyes, lungs, and mucous membranes. **Discharge Directions for Commercial Pool, Spa, Hot Tub, and Immersion Tank Uses:** Before draining a treated pool, spa, hot tub, or immersion tub contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool or spa water to any location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

EPA Reg. No. **062255-(to be assigned)**

### DIRECTIONS FOR USE

*It is a violation of federal law to use this product in a manner inconsistent with its labeling.*

NOTE: This product degrades with age. Use a chlorine test kit and increase dosage, as necessary, to obtain the required level of available chlorine.

## MANUFACTURING USE ONLY

**MANUFACTURING USE ONLY** For manufacturing use only in the formulation of end-use products intended as Sanitizers of surfaces (e g wooden butcher blocks stainless steel tops concrete floors tile walls) or sanitizers of commercial and household laundry or agents to help control microorganisms on mushrooms (pins), potatoes, sweet potatoes (post harvest), pimento and tomato seeds, pecans, fish fillets, refining sugar: or agents to help control microorganisms on eggs for human consumption: or disinfectants for poultry drinking water, or disinfectants of human drinking water (emergency/public/individual) swimming pool water Hubbard/immersion tank water spas/hot tubs hydrotherapy pools human drinking water systems (e g water mains wells reservoirs filters) or disinfectants of nonporous hard surfaces (e g tile glass stainless steel fiberglass) Also agents to help control microorganisms in sewage wastewater industrial and pulp and paper process water system or algaecides/slimicides in cooling towers or evaporative condensers or sanitizers of dialysis machines or sanitizers of toilet bowls Also agents to help control algae and bacteria in fish and lobster ponds/tanks and condition oysters or agents to help control slime on boat bottoms or agents to sanitize and deodorize artificial sand beaches or agents to kill scavenger fish in fish hatchery ponds or agents to wash fruits and vegetables

**Reformulators and repackagers** of this product must obtain their own registrations from the Environmental Protection Agency

**CLEANING FORMULATIONS, BLEACHING, & NON PESTICIDE CHEMICAL MANUFACTURING** This product may be used for cleaning formulations bleaching and non pesticide chemical manufacturing Only specifically designed handling and dispensing equipment should be used in accordance with manufacturer's instructions and according to operating instructions or product formulations defined by the use facility

### **STORAGE AND DISPOSAL** Do not contaminate water, food or feed by storage, disposal

**Pesticide Storage:** Do not contaminate food or feed by storage, disposal, or cleaning of equipment. Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water.

**Pesticide Disposal:** Product or Rinsate that cannot be used must be diluted with water before disposal in a sanitary sewer or other approved disposal facility.

#### **Container Handling:**

**Tank cars and Tank Trucks:** Refill with bleach OR triple rinse or pressure rinse empty tank car or tank truck to remove bleach residues before filling with other product.

**Pesticide Container Handling:** Bulk storage and drums, totes and Intermediate Bulk Containers (IBC): Refill with bleach only. Triple or pressure rinse nonrefillable or cracked refillable containers and offer for recycling, reconditioning or disposal. Dispose of residue rinsates in a sanitary sewer or other approved disposal facility.
