SECONDARY CONTAINERS

LET'S TOUCH is a hospital and tuberculocidal disinfectant concentrate especially formulated for the beauty care profession. It provides broad spectrum protection: bactericidal, fungicidal, virucidal, staphylocidal, pseudomonacidal, tuberculocidal, and prevents cross contamination from all metal salon instruments when used as directed. Use it to disinfect all precleaned metal salon instruments including manicurist nippers and cuticle pushers, shears and metal skin care instruments. Let's Touch does not rust or dull quality metal instruments, and is pH buffered.  
 Fill this instrument bath to suggested use level with premixed Let's Touch solution. Instruments must be completely submerged in solution. All instruments should be stored handle down to prevent damage to tips of nipper blades. Carefully pull up cap and basket to remove instruments from solution.

KEEP OUT OF REACH OF CHILDREN  
**WARNING**

**FIRST AID** In case of eye contact, hold eyelids open and flush with a gentle stream of water for 15 minutes. Get prompt medical attention. For skin contact, flush with water. If swallowed drink large quantities of water. Do not induce vomiting. See Let's Touch product label for additional precautionary statements and directions for use.

ACTIVE INGREDIENTS:	
<i>o</i> -Benzyl- <i>p</i> -chlorophenol	5.25%
<i>o</i> -Phenylphenol	0.99%
