

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

62355-7

MAY 7 2009

Term of Issuance:

Conditional

Name of Pesticide Product:

Miracle-Gro Shake 'n Feed All Purpose Plant Food Plus Weed Preventer

NOTICE OF PESTICIDE:

X Registration
Reregistration
(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Miracle-Gro Lawn Products, Inc.
14111 Scottslawn Road
Marysville, OH 43041

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

- 1) Submit and/or cite all data required for registration/reregistration review of your product when the Agency requires all registrants of similar products to submit data; and submit acceptable responses required for reregistration of this product under FIFRA section 4.
2) Add the phrase "EPA Reg. No. 62355-7" to the labeling.
3) Assure that the EPA Establishment Number and Net Contents are on the label and that all use sites on the label are approved.
4) Per the Acute Toxicity Review, add "thoroughly" to the third sentence under Precautionary Statements on page 6 for the sentence to read: "Users should wash hands thoroughly before eating, drinking, chewing gum, using tobacco or using the toilet."
5) Correct the typographical errors on pages 1 and 2 changing "Mircale-Gro" to "Miracle-Gro".

Date:

MAY 7 2009

6) Note: Per Product Registration (PR) Notice 2001-1, the Agency suggests that First Aid information be contained in a box and presented in a bulleted format because of its importance. Consult PR Notice 2001-1 to assure First Aid language and formatting requirements are met.

7) Note: While we are not requesting data at this time, you must maintain data in your files to substantiate marketing claims made on the product label. If no data is available to support the marketing claims, those statements must not be used on the label.

8) Note: Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A stamped copy of your labeling is enclosed for your records. Submit one copy of the revised final printed label for the record before you release the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Remove Inner Seal Before First Use]

[Plastic shaker jug may be refilled from bag of Miracle-Gro® Shake n' Feed® All Purpose Plant Food Plus Weed Preventer™.]

[This bag may be used to refill the plastic shaker jug of Miracle-Gro® Shake n' Feed® All Purpose Plant Food Plus Weed Preventer™.]

Apply as early as possible in the growing season before weeds have emerged for maximum weed control. It is best to avoid over application to prevent carryover problems with sensitive plants the following season. Do not use on flower seeds, lawns, or in enclosed areas such as greenhouses. **For best results follow directions carefully.**

Not for use on plants being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes. Not for use on plants intended for aesthetic purposes or climatic modification and being grown in ornamental gardens or parks, or on golf courses or lawns.

**Entry Restrictions:** Do not allow people or pets to enter the treated area until dusts have settled. If watering-in is required after application, do not enter or allow others to enter the treated areas (except those involved in the watering) until the watering in is complete and the surface is dry.

**Application Restrictions:** Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.

To prevent possible staining to non-labeled surfaces (i.e. concrete, stone walks, vinyl surfaces, etc.) removed stray granules as soon as possible.

For Established Plant Application (Flowers, Roses, Shrubs and Trees 2" to 3" tall):

- Sprinkle evenly over the entire soil surface, using enough to match the dime **[graphic]** picture on the next panel.
- The surface application rates equals 4.8 oz. per 10 sq. ft.
- For best results, gently rake and lightly water in after application
- Do not apply when foliage is wet
- Do not use with flower seeds.

**Surface Application Rate**

Sprinkle as shown on soil surface. **[graphic]**

**For Use With Vegetables:**

NOTE to PM:

EPA Reg. No. 62355-T

***Bold, italicized text is information for the reader and is not part of the label.*** [Bracketed information is optional text.] Text separated by a / denotes and/or options. Underlined text is new. ~~Strike-through text is being deleted.~~

[Apply this dual purpose product as both a weed control and plant food in certain home vegetable gardens as directed below.] Application may be made up to 10 weeks prior to planting direct seeded vegetables and anytime prior to setting transplants/transplanting.

- Remove all existing weeds first
  - Lightly cultivate/rake to prepare a smooth soil surface
  - Rate of application is 4.8 oz per 10 sq. ft.
  - Lightly water in after application
  - Do not use on soil containing more than 10 percent organic matter.
- From Seed: Broccoli, Brussel Sprouts, Cabbage, Carrots, Cauliflower, Celery, Collard, Green Peas, Kale, Lentils, Lima Beans, Mustard Greens, Okra, Radish, Snap Beans, Southern or Cow Peas, and Turnip Greens. *Treat prior to seeding.*
  - Before Transplanting: Broccoli, Brussel Sprouts, Cabbage, Cauliflower, Celery, Peppers, and Tomatoes. *Make application to prepared soil and incorporate into soil up to 10 weeks prior to transplanting.*
  - Post Emergent: Cantaloupe, Cucumber and Watermelon. *Apply after plants have grown 3-4 true leaves.*
  - Asparagus: Established only. Apply after ferns are removed, but prior to spear emergence. Lightly mix product into soil with rake and water.
  - Potato (except Maine): *May be applied after planting, before or after potato plant emergence. Use care not to damage seed pieces in cultivating, nor to allow treated soil to contact emerged plant foliage.*

**Non-bearing Fruit and Nut Trees and Non-bearing Vineyards:**

Almonds, Apple, Apricot, Avocado, Banana, Blackberry, Blueberry, Boysenberry, Cherry (Sweet, Sour), Current, Dewberry, Elderberry, Fig, Filbert, Gooseberry, Grape (American, European), Grapefruit, Kiwi, Lemon, Loganberry, Macadamia nut, Nectarine, Olive, Orange, Peach, Pear, Pecan, Pistachio, Plum, Pomegranate, Prune, Raspberry, Walnut (Black, English)

In all cases, cultivate/rake the Miracle-Gro® Shake 'n Feed® All Purpose Plant Food Plus Weed Preventer™ into the soil after application, using care not to damage emerged crops with the rake.

[Miracle-Gro® Shake 'n Feed® All Purpose Plant Food Plus Weed Preventer™ is Recommended for Use Around These Bulbs and Established Flowers, Shrubs, Trees and Groundcovers]:

**BULBS AND FLOWERS:** Achillea, African Daisy, Ageratum, Alyssum, Arctotis, Artemisia, Aster (Perennial, Stoke's), Baby's Breath, Balsam, Beard tongue, Bee Balm, Begonia, Black-eyed Susan, Bleeding Heart, Calendula, California Poppy, Calliopsis, Cape Marigold, Cape Weed, Carnation, Centaurea, Chrysanthemum, Coral Bells, Coreopsis, Cornflower, Cosmos, Daffodils, Dahlia, Daylily, Deschampsia, Dianthus, Dimorphotheca, Dusty Miller, English lavender, Floss Flower, Forget-Me-Not, Four O'Clock, Foxglove, Gaillardia, Gayfeather (*Liatrus*), Geranium, Geum, Gladiolus (corms at least 1" diameter), Golden Glow, Golden Hakonechloa, Guara, Hollyhock, Hosta, Hyacinth, Impatiens, Iris (bulbous), Lamb's Ears, Lobelia, Lupines, Marigold, Morning Glory, Narcissus, Nasturtium, Nicotiana, Ornamental Grass (Beech, Blue fescue, Dwarf mondo, Eulalia, Fountain, Mondo, Pampas, Ribbon, Tufted hair),

**Do NOT apply to Myrtle as injury may result.**

**General Information**

**For Best results:**

- Apply early in the season.
- After 3 months, apply Miracle-Gro® Shake 'n Feed® Plant Food to continue plant growth.
- This product prevents weeds from germinating; it does not kill existing weeds. If you have visible weeds, remove them first.

**What Miracle-Gro® Does:**

Miracle-Gro® Shake 'n Feed® All Purpose Plant Food Plus Weed Preventer is a product that feeds your plants while preventing many broadleaf and grassy weeds from germinating. Apply around listed flowers, roses, shrubs, trees, and vegetables for up to 3 months of feeding and weed control. Your plants can grow bigger and more beautiful, without weeds to compete for space, nutrients and water.

**Miracle-Gro Prevents the Following Weeds:**

**GRASS WEEDS:** Annual Bluegrass, Barnyardgrass, Bromegrass, Cheat, Crabgrass, Fall Panicum, Field Sandbur, Foxtail, Goosegrass, Hare barley, Junglerice, Lovegrass, Mexican Sprangletop, Rattail fescue, Signalgrass (Brachiaria), Southwestern cupgrass, Stinkgrass, Wildcane, and Wild oat

**BROADLEAF WEEDS:** Common Chickweed, Common Lambsquarter, Common Purslane, Kochia, Nettleleaf Goosefoot, Pigweed (Spiny and Redroot), Prostrate Knotweed, Russian Thistle and Stinging Nettle

NOTE to PM:

EPA Reg. No. 62355-T

***Bold, italicized text is information for the reader and is not part of the label.*** [Bracketed information is optional text.] Text separated by a / denotes and/or options. Underlined text is new. ~~Strike-through text is being deleted.~~

**PARTIALLY CONTROLLED WEEDS:** Johnsongrass (from seed), Texas Panicum, Carpetweed, Florida Pusley, Shattercane

**STORAGE AND DISPOSAL**

**PESTICIDE STORAGE:** Keep pesticide in original container. Store in a clean, dry place, preferably in a locked storage area.

**PESTICIDE DISPOSAL:** **If empty:** Non-refillable container. Do not reuse or refill this container unless directions for use allow for the same pesticide product to be poured into container. Place in trash or offer for recycling if available. **If partly filled:** Call you local solid waste disposal agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

Causes moderate eye irritation. Avoid contact with eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

**FIRST AID**

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. [You may also contact 1-800-645-8166 for emergency medical treatment information.]

**ENVIRONMENTAL HAZARDS**

This pesticide is extremely toxic to freshwater marine, and estuarine fish and aquatic invertebrates including shrimp and oyster. Do not apply in a manner which will directly expose canals, lakes, streams, ponds, marshes or estuaries to aerial drift. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

**Questions**
