MIRACLE GRO LAWNS PRODUCTS, INC

Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 - Revision to label to update net contents; add optional warranty statement, images and other miscellaneous minor revisions
Product Name: Miracle-Gro Serenity
Admin Number: 62355-9
EPA Receipt Date: 04/15/2025
Action Case Number: 00652745

Dear Gretchen White:

The U.S. Environmental Protection Agency is in receipt of your application for notification under Pesticide Registration Notice 98-10 for the above referenced product. The EPA has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

If you have questions, please contact Nina Naimy via email at naimy.nina@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "James Parker". The script is elegant and cursive, with the first letters of "James" and "Parker" being capitalized and prominent.

James Parker, Team Leader
BPB, BPPD
Office of Pesticide Programs

Note to PM:

EPA Reg. No. 62355-9

If on skin or clothing:	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
If inhaled:	<ul style="list-style-type: none">• Move person to fresh air.• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.• Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER	
Have the product or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-465-5161 for emergency medical treatment information.	

DIRECTIONS FOR USE

It is a violation of Federal law to use [this product] in a manner inconsistent with its labeling.

[What it does]

Option 1:

Use [this product] to revive/rescue your struggling houseplants **AND** control fungus gnats [and other listed pests.] This dual purpose product is specially designed to provide your plants the [vital] nutrients they need to thrive, while also killing fungus gnat larvae that live in the soil and damage your plant's roots. MG Serenity/[this product] has everything/what you need to boost the vitality of your houseplant in a clean and simple manner. **1**

Note to PM:

EPA Reg. No. 62355-9

Italicized text is information for the reader and is not part of the label.

[Bracketed information is optional.] Text separated by / denotes and/or options.

The term "this product" used throughout this document may be replaced with the marketed product brand name. punctuation and plural/singular word forms may be adjusted to allow for grammatical correctness.

Option 2:

Take control over your indoor sanctuary and give your indoor houseplants a second chance with this dual purpose product that allows them to flourish again. [To help restore your plants to health], [this product] provides nutrients [to stressed, yellow and wilting plants,] and protects against pesky, damaging fungus gnats by killing the larvae in the soil before they emerge. It can be used on houseplants such as African violets and cacti, as well as indoor vegetable and herb crops.

Kills/controls fungus gnat larvae/nematodes.**Suppresses** thrips/spidermites/aphids/scales/mealybugs.**[Where to use]**

Designed specifically for plants grown indoors, including houseplants, vegetables, and herbs.

Indoor houseplants including:	African violets, alocasia, anthurium, cacti, caladium, calathea, dieffenbachia, fern, ficus, orchid, peperomia, philodendron, pilea, poinsettia, pothos, rubber plant, sedum, spathiphyllum, wandering jew/dude, monstera, zz plant, spider plant, snake plant, bird of paradise, Swiss chesse monstera, fiddle leaf fig, succulents
Indoor vegetables and herbs including:	tomato, pepper, beans, radish, carrot, collards, kale, lettuce, spinach, chickpea, lentil, pea, chive, dill, sage, basil, catnip, chamomile, coriander, mint, peppermint, spearmint, rosemary, tarragon, thyme, wintergreen

[When to apply]

Apply at the first sign of plant distress or fungus gnat presence. [Visit our website, ***insert website info***, for tips/additional information on plant distress signs.] If applying to food crops, MG Serenity/[this product] can be applied up to and including the day of harvest. MG Serenity/[this product] can be reapplied after 3 months if severe fungus gnat infestations persist. Otherwise, a regular feeding regime using a Miracle-Gro plant food is recommended 3 months following use of [this product]. Avoid overwatering. Allowing the soil to dry out in between waterings will help to reduce the chance for future fungus gnat infestations.

[How to use]

Open the packet and sprinkle the granules evenly around the soil surface beneath the plant. For best results, lightly water in after application. [No mixing and no mess!] Avoid the product sitting against the stem or foliage of the plant. Apply the number of packets based on the pot size in the application chart.

Application Chart

Pot Size (inches)	Number of Packets
6"- 7" pot	1
8"- 9" pot	2-3
10"-12" pot	4-6
