U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (117505C)
401 M' St., S.W.
Washington, D.C. 20460

EPA Reg. Number

62451-6

Date of Issuance

November 9, 2001

Term of Issuance Conditional

Name of Pesticide Product

AntGuard for Irrigation
Systems

NOTICE OF PESTICIDE:

Registration

Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

LineGuard, Inc.
P.O. Box 1020
Elyria, OH 44036

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of you product under FIFRA section 4.
2. **Make the following labeling changes:**
 - a) Revise the EPA Registration Number to read "EPA Reg. No. 62451-6"
 - b) On your front panel, please change "6 to 9 months of control" to "6 to 9 months of control of ants and fire ants".

- c) Please revise your "Hazards to Humans and Domestic Animals" statement as follows:

CAUTION

Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly after handling and before eating, drinking or using tobacco. Do not open package until ready to use. Do not allow children to play with this product. Avoid contact of plastic to food and feedstuffs.

- d) The product you cited for toxicity purposes has a First Aid statement on the label. Accordingly, please add a First Aid statement to your label. It should read as follows:

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-xxx-xxxx for emergency medical treatment information.

- e) Delete "Keep out of lakes, streams or ponds".
- f) Revise your disposal statement in accordance with PR Notice 2001-6.

The efficacy data you submitted has been approved and will support your product claims of 6 to 9 month control of ants and fire ants. The chemistry data and CSF that you submitted has also been approved. We will allow you to bridge the acute toxicity data from EPA Reg. No. 773-78 based on the similarity in composition of these two products, however you must amend your data matrix to reflect the acute toxicity studies from this product (contrary to your belief, data was submitted or cited when EPA Reg. No. 773-78 was registered).

3. Please submit two (2) copies of your final printed label for before your release the product for shipment. Please refer to the A-79 enclosure for a further description of final printed labeling. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact Tracy Keigwin of my team at (703) 305-6605.

Sincerely,

George T. LaRocca

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Do not open package until ready to use. This product is intended for use as an insecticide generator and is not to be taken internally by man or animals. Do not allow children to play with this product. If you touch the plastic, wash skin thoroughly with soap and water before eating, drinking, or using tobacco. Avoid contact of plastic to feed and foodstuffs.

ENVIRONMENTAL HAZARDS

The active ingredients are toxic to fish. Keep out of lakes, streams or ponds. Do not apply directly to water. Do not contaminate water by disposal of used AntGuard™ disks. Use the product only as specified on the label.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Store AntGuard™ in cool, dry place in original container. Do not store with food or feed.

When finished using, wrap device in newspaper and put in trash.

For control of ants, including Argentine, Florida Carpenter and Pharaoh ants seeking water that are attracted to watering heads and may try to establish their nests in irrigation lines. Ants entering the irrigation lines from the sprayer heads can bring in soil particles and cause clogging of nozzles and lines.

The AntGuard™ system kills and / or repels ants that can clog irrigation/ sprayer heads including micro-jet nozzles and irrigation lines.

AntGuard™ is designed to withstand rain, sun and the elements. It provides protection for six to nine months.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not open packages until ready to install. Remove irrigation sprayer nozzle. [See illustrations Figure 1 Micro-jet nozzle / nozzle & stem, Figure 2 Remove micro-jet nozzle / nozzle. Figure 3 Disk inserted between nozzle & stem] Clean or remove any existing clogs in sprayer heads or lines. Remove protective wrapper from AntGuard™ disks. Place AntGuard™ disk on sprayer support / upright stem. Re-insert / re-attach/ sprayer nozzle head.
