

NOTICE OF PESTICIDE:  REGISTRATION  
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,  
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Excelex Bleach

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

The Excelex Corp.  
2929 Storey Lane  
Dallas, TX 75220

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Document, EPA has reregistered the above named product subject to the comments recorded in the succeeding paragraph. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Make the following labeling changes before you release the product for shipment:

- a. Revise the ingestion statement to read:  
"If swallowed, drink large amounts of water. Do not induce vomiting. Call a physician or poison control center immediately".
- b. Place "Keep Out of Reach of Children" immediately above the signal word "Danger" on the front panel.
- c. Place the statement of Practical Treatment on the front panel.
- d. Revise "See back panel for further cautions" to read "See back panel for additional precautions."

e. The Environmental Hazards need to be revised to read:

"This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of EPA.

A stamped copy of the product label is enclosed for your records. Submit one copy of the final printed label before releasing the product in channels of trade with the revised labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act as  
amended, for the pesticide  
registered under EPA Reg. No. **62495-1**

# EXCELEX BLEACH

ACTIVE INGREDIENT:  
SODIUM HYPOCHLORITE ..... 5.25%  
INERT INGREDIENTS ..... 94.75%  
CONTAINS NO PHOSPHORUS

**DANGER:**

Directions For Use: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

### Directions for Laundering and Fabric Care:

**Pre-treat Stains and Soils:** For heavily soiled items a pre-soak rinse is required. Stubborn stains may be soaked for 5 minutes in a solution of ¼ cup Bleach to 1 gallon of cool sudsy water.

**Sort Laundry by Color and Fabric:** Separate whites from colors, light colors from dark ones. Avoid bleaching wool, silk, mohair, leather, spandex, non-fast colors and flame retardant cotton fabrics.

**Add Bleach and Detergent:** Bleach may be added to the wash water before laundry is put in or, for best results, dilute with a quart of water and add 5 or 6 minutes after the wash cycle has begun. Use the recommended amount

of bleach. For heavily soiled items or very large loads, add slightly more. **Brightens Whites and Removes Stains** that detergent alone cannot. **Deodorizes laundry and its odors.**

**Boosts Cold Water Cleaning Power** to remove stains in cooler water. **Safe For Most Color-fast Washables** to check if garment is bleach-safe, try this bleach-safe test: apply one drop of a test solution (1 tablespoon bleach plus ¼ cup water) to a hidden part of the fabric. Crack all colors including trim. Let stand 1 minute, then blot dry. No color change means the article can be safely bleached.

Regular Top Loading Automatic	1 cup	Large Top Loading Automatic	1½ cup	Front Loading Automatic	½ cup	Hand Laundry (2 gallons water)	⅓ cup

### Directions for Other Household Use:

**For Cleaning and Deodorizing** bleach is highly effective for your bathroom and kitchen.

**Toilet bowls** Flush toilets. Pour ½ cup of Bleach into bowl. Brush all surfaces thoroughly including under the rim. Let stand 10 minutes; flush.

**Bathrooms and showers** Flush drains. Clean with a solution of ¼ cup

bleach per gallon of warm sudsy water. Let stand 10 minutes. **Rinse.**

**Kitchen sink** Cover sink with ½ gallon of water, add ½ cup Bleach. Let stand 10 minutes. **Rinse.**

**Floors, vinyl, tile woodwork, and appliances** Clean with a solution of ¼ cup Bleach per gallon of sudsy water. Let stand 10 minutes. **Rinse.**

### Precautionary Statements

**DANGER:**

**Hazards to humans and domestic animals. DANGER** Corrosive, may cause severe skin and eye irritation or chemical burns to broken skin. Causes eye damage. Wear safety glasses or goggles and rubber gloves when handling this product. Wash after handling. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until strong odors have dissipated.

**Environmental Hazards.** This product is toxic to fish. Do not discharge into lakes, streams, ponds or public waterways unless in accordance with a NPDES permit. For guidance, contact the regional office of the U.S. Environmental Protection Agency.

**Statement of Practical Treatment (First Aid).** If in eyes, remove contact lenses, rinse with plenty of water for at least fifteen minutes. If swallowed, do not induce vomiting, drink a large quantity of milk, eggwhites or water, get prompt medical attention, avoid alcohol. If contact with skin, remove contaminated clothing and wash skin thoroughly with water.

**Physical and Chemical Hazards. STRONG OXIDIZING AGENT** mix only with water according to label directions. Mixing this product with chemicals (e.g. ammonia, acids, detergents, etc.) or organic matter (e.g. urine, feces, etc.) will release chlorine gas which is irritating to eyes, lungs and mucous membranes.

### Storage and Disposal:

Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water. Product or residues that cannot be used should be diluted with water

before disposal in a sanitary sewer. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage, disposal or cleaning of equipment.
