PREVENTION, PESTICIDES AND
TOXIC SUBSTANCES

SEP 19 2005

Ana Rodriguez-Koster
Lewis & Harrison, LLC
Agent for: Quimetal Industrial S.A.
122 C Street NW, Ste. 740
Washington, DC 20001

Subject: Preserva Uvas Dos Fases
EPA Registration No. 62562-1
Your Label Amendment application dated July 5, 2005

Dear Ms. Rodriguez-Koster:

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that you submit a revised final printed label as indicated below, within 45 days of the date of this letter.

1. The product "Preserva Uvas Dos Fases" requires an english product name to appear on the label in conjunction with the fore mentioned spanish name.
 - a. Beneath the product name on the front panel of the label, "Dual Release" must be deleted to ensure against ambiguity.
2. Item #10 listed within the "Agricultural Use" section, requires an equivalent range expressed in degree Farhenheit units to accompany the Celsius expression as a means for guidance optimization.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release of the product for shipment constitutes acceptance of these conditions.

If you have any questions, please contact Bryant Crowe by phone at (703) 305-0025 or via email at crowe.bryant@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Tony Kish".

Tony Kish
Acting Product Manager (22)
Fungicide Branch
Registration Division (7505C)

ACCEPTED
with COMMENTS
In EPA Letter Dated:

SEP 19 2005

Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No. 62562-1

[WHOLESALE CONTAINER LABEL]

PRESERVA UVAS DOS FASES

Dual Release

U.S. EPA Reg. N^o 62562-1
U.S. EPA Est. N^o 65262-CHL-2

For use as a preservative on table grapes

ACTIVE INGREDIENT: Sodium Metabisulfite (Na ₂ S ₂ O ₅).....	97.0%
INERT INGREDIENTS:	3.0%
TOTAL:.....	100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

See [Side] [Back] [Left] [Right] [Other] Panel for Additional Precautionary Statements

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Harmful if inhaled or absorbed through skin. Causes eye irritation. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wear chemical-resistant gloves made of any waterproof material such as polyethylene or polyvinyl chloride. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Prolonged or repeated skin contact may cause allergic reactions in some individuals.

FIRST AID:	
If Inhaled:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
If in Eyes:	Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.
If on Skin or Clothing:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for further treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

AGRICULTURAL USE:

To assure freshness by the fungicidal control of *Botrytis cinerea* on table grapes.

1. Pad content should never come in direct contact with table grapes.
2. Do not use defective pad, e.g. torn pad or broken seal.
3. Use a polyethylene liner in an appropriate shipping container.
4. Cover bottom of the polyethylene liner with fine wood shavings or other suitable packing material.
5. A sheet of tissue may be placed on the packing material and over the sides of the box.
6. Tissue-wrap grape bunches, if desired, and pack in box.

[WHOLESALE CONTAINER LABEL]

7. If tissue is used, fold it over the top of the grapes.
8. Lay a single pad containing anhydrous sodium bisulfite over the tissue. Do not place more than 1 pad for each 8.2 kg (18.0 lbs.) of table grapes.
9. Fold the polyethylene liner over the pad. Seal the box.
10. Place the boxes of packed grapes in refrigerated storage at 0°-2°C.
11. Remove pad from case before display of grapes for sale or after removal of container from retail store refrigeration facilities.
12. If this pad is torn, remove pad and damaged grapes and hold remainder of contents for 24 hours before displaying.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Keep this product in a tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat and flame.

Pesticide Disposal: In case of decomposition, isolate container and flood area with large amounts of water to dissolve all material before discarding this container. Flush wash water down the sewer. Collect used and damaged pads for disposal in a polyethylene garbage bag. Tie bag and place in regular trash receptacle.

Container Disposal: Do not reuse empty container, but place in trash collection.
