Para eliminar cucarachas, hormigas y lepismas, aplique producto abundantemente, esparciendo debajo y detrás del refrigerador, la cocina, el fregadero, el lavaplatos, la lavadora y la secadora, las bañeras; en las aberturas alrededor de los drenajes, las cañerías de agua y los conductos eléctricos; y en las rendijas y grietas a lo largo de los zócalos y tirones de los armarios, las alacenas y los roperos. Quite los cajones inferiores de los armarios de la cocina y los baños, los roperos y los tocadores del dormitorio, luego esparza abundantemente en los huecos de los cajones. Si es necesario, repita la aplicación. Use un cepillo para introducir en las rendijas y grietas el polvo que queda visible después de la aplicación o quitarlo.
