BMP 123 (10 G) is a microbial larvicide for use against the listed lepidopterous insects. Close scouting and early attention to insect infestations are recommended. The active ingredient in BMP 123 (10 G) must be ingested to be effective.

APPLICATION:

Crop	Pest	Pounds/Acre
Field corn, sweet corn, seed corn, and popcorn.	European corn borer (<i>Ostrinia nubilalis</i>) Southwestern Corn Borer (<i>Diatraea grandiosella</i>) First and second generation.	10 lbs/acre or 5-10 lbs/acre banded over row with ground application.

Ground or Aerial Application:

First Generation: Apply BMP 123 (10 G) directly to corn whorls when larvae are small. Treat seed corn when 25% of the plants show feeding in the whorls and field corn when 35% of the plants show feeding. Adequate control cannot be achieved if larvae are large or have begun stalk boring and plants show a higher level of infestation.

Second Generation: Apply BMP 123 (10 G) when scouting shows 50 egg masses per 100 plants and the first hatch is occurring or follow your State Extension Service recommendations. A second application may be necessary under conditions of intensive population pressure.

Crop	Pest	Pounds/Acre
Field corn, sweet corn, seed corn, and popcorn.	Fall armyworm (<i>Spodoptera frugiperda</i>)	10lbs / acre

Ground or Aerial Application: Apply BMP 123 (10 G) directly to corn whorls. Treat sweet corn when 10-12% of the plants show whorl feeding. Field corn should be treated when 75% of the plants show whorl feeding damage. Treatment thresholds vary for different types of corn so State Extension specialists should be consulted for specific recommendations. Under high pressure a second may be necessary.

Tobacco	Tobacco budworm (<i>Heliothis virescens</i>)	5-10 lbs / acre
---------	---	-----------------

Ground Application: Apply BMP 123 (10 G) should be applied by hand or in properly calibrated mechanical ground equipment.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, dry place.

Pesticide Disposal: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Completely empty bag into application equipment. Dispose of empty bag in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned stay out of smoke. Do not reuse container.
