

(Logo) DowElanco **POLYETHYLENE D**
~~Lorsban 4-PE Insecticidal Granules~~

**Polyethylene containing chlorpyrifos insecticide for the manufacture
Of banana fruit bags (shrouds)**

Active ingredient:
chlorpyrifos: O,O-diethyl O-(3,5,6-trichloro-2-pyridinyl) phosphorothioate 1%
Inert ingredients 99%

Precautionary Statements **ACCEPTED**

**Hazards to Humans and Domestic Animals
Keep Out of Reach of Children**

APR 30 1993
Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under
EPA Reg. No. 62719-29

CAUTION

Harmful if Swallowed

**Do not take internally. Wash thoroughly after handling and before eating or smoking. Keep away
from food, feedstuffs, and domestic water supplies.**

Note to Physician: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. If exposed, plasma
and red blood cell cholinesterase tests may indicate significance of exposure (baseline data are useful).
Atropine, only by injection, is the preferable antidote. Oximes, such as 2-PAM protopam, may be
therapeutic if used early; however, use only in conjunction with atropine. In case of severe acute
poisoning, use antidote immediately after establishing an open airway and respiration.

Environmental Hazards

This product is toxic to shrimp, crabs, and fish. Do not discharge effluent containing this product into
lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and
addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems
without previously notifying the sewage treatment plant authority. For guidance, contact your State Water
Board or Regional Office of the EPA.

<p>STORAGE AND DISPOSAL Polyethylene D</p> <p>Do not contaminate water, food or feed by storage or disposal.</p> <p>Storage: Store Lorsban 4-PE only in original, unopened container. Bags made from Lorsban 4-PE Polyethylene D should be stored in light-tight containers prior to use.</p> <p>Pesticide Disposal: Wastes resulting from the use of this product may be disposed of according to label directions or at an approved waste disposal facility.</p> <p>Container Disposal: Completely empty bag into fabrication equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.</p>
--

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Use ~~Lorsban 4-PE Insecticidal Granules~~ only as specified on this label.

Polyethylene D
For Manufacturing Use Only Polyethylene D
~~Lorsban 4-PE~~ insecticidal granules is designed solely for the manufacture of banana fruit bags (shrouds) and should not be used for any other purpose. Bags made from ~~Lorsban 4-PE~~ are recommended for control of fruit feeding insects such as aphids, thrips, and fruit scarring beetles, which are injurious to the fruit during its development. Insecticidal bags should be used in the same manner as untreated bags by installation on the stems after all of the fruit bunches have formed. Bags should be removed at harvest and destroyed.
