Precautionary Statements

Hazards to Humans and Domestic Animals

Keep Out of Reach of Children.

CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing dust and contact with skin or eyes. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation develops. The active ingredient benefin may cause skin sensitization reactions in certain individuals. Use eye protection or face shield and protective clothing such as coveralls, a long sleeved shirt and impermeable gloves when handling this product.

Environmental Hazards

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public water unless this product is specifically identified and addressed in a NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Store in original container. In case of leak or spill, use absorbent materials to contain material and dispose as waste.

Pesticide Disposal: Do not contaminate water, food, or feed by storage or disposal. Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Completely empty fiber drum by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into manufacturing equipment. Crush or puncture and dispose of in a sanitary land fill or by incineration if allowed by state and local authorities.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Manufacturing Use Only in Formulating Herbicides: This material may only be used for formulating herbicidal products labeled for use on established turfgrasses areas. Active ingredient concentration cannot exceed 2.5 percent benefin by weight in granular or fertilizer based products for dry application. Active ingredient concentration for sprayable products cannot exceed 20 percent.
