## Treflan for Weed Control in Rapeseed (Canola)

**ATTENTION**

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This labeling must be in the possession of the user at the time of application.
- Read the label affixed to the container for Treflan before applying. Carefully follow use precautions and applicable use directions.
- Use of Treflan according to this supplemental labeling is subject to all precautions and limitations imposed by the label affixed to the container for Treflan.

### Directions For Use

Apply as a soil incorporated treatment in the spring or in late summer or early fall before planting. Follow soil preparation, application and incorporation directions on Treflan product labels.

#### Broadcast Application Rates per Acre:

Soil Texture	<del>Treflan E.G.</del> or Treflan M.T.F.	<del>Treflan 5</del>	<del>Treflan 80DC</del>	<del>Treflan TR-10</del>
	(pints)	(pints)	(ounces)	(pounds)
Coarse	1.0	0.8	10	5.0
Medium	1.5	1.2	15	7.5
Fine	2.0	1.6	20	10.0

#### Precautions

- Do not apply to rapeseed (canola) grown in the state of Alaska.
- Where applications are made in late summer or fall, plant as rotation crops in the season following application only those crops to which Treflan may be applied as a preplant incorporated treatment or crop injury may occur.
- Do not graze or harvest treated crop for livestock forage.
