NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EP registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This registration is confidentially held by the Agency and will not be made available to the public (as provided for by 40 CFR 155.106) unless you request otherwise.

You must submit all data required for registration/reregistration of your product under FIFRA section 3(a)(2) when the Agency requires all registration data and data to support such data.

Under the Act, EPA Registration No. 62719-180 is hereby issued for the product as shown.

You must submit three copies of your final label to the Agency for review of the product for shipment. Labels for other uses must be submitted to you for a further determination of whether they are acceptable.

The Agency will issue a registration certificate for this product if you submit the data required for registration and if the Agency finds that the data support the registration.

The Agency will issue a registration certificate for this product if you submit the data required for registration and if the Agency finds that the data support the registration.
