Robert D. Vatne
Dow Agrosciences
9330 Zionsville Road
Indianapolis, IN 46268

Dear Dr. Vatne:

Subject: Hexaflumuron Technical
EPA Reg. No. 62719-244
Amendment dated 4/23/98

The product chemistry data supporting the revised manufacturing process and the revised basic confidential statement of formula referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, are acceptable. A copy of the CSF has been included in the file jacket for this registration, and supersedes all previous CSFs.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. One copy of the finished labeling must be submitted prior to releasing the product for shipment.

The environmental hazards statement must be revised to read as follows:

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

Precautionary Statements

Hazards to Humans and Domestic Animals

Keep Out Of Reach Of Children

CAUTION

Avoid Breathing Dust And Contact With Skin, Eyes Or Clothing

Wash thoroughly with soap and water after handling.

First Aid

If on skin: Wash with plenty of soap and water. Get medical attention if irritation develops.

If in eyes: Flush eyes with plenty of water. Get medical attention if irritation persists.

If inhaled: Remove individual to fresh air. Get medical attention if breathing difficulty occurs. If not breathing, give artificial respiration, preferably mouth-to-mouth, and get medical attention.

Environmental Hazards

This product is extremely toxic to aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.
