EPA Reg. No. 62719-348  
August 13, 2010 Request to Amend Label

Dear Mr. Barnekow:

In the Agency letter of April 30, 2010, the Agency approved amended labeling for this registration with the condition that specific label revisions be made to the April 30, 2010 label stamped "Accepted with Comments". This letter amends the April 30, 2010 letter by requiring the following additional change:

In the April 30, 2010 letter, comment number 26 is revised to read "On page 17 under number 2, revise the sixth main bullet and sub-bullets to read, 'Handlers can remove full-face air-purifying respirators or resume work activities if all of the following conditions exist provided that a half-face air-purifying respirator is worn:

- Two consecutive breathing zone samples for chloropicrin taken at the handling site at least 15 minutes apart must be less than 0.15 ppm,
- Handlers do not experience sensory irritation, and
- Air-purifying respirator cartridges have been changed.'"

The label associated with this change has been previously stamped "Accepted with Comments" and is dated April 30, 2010. Submit one copy of the final printed label that incorporates the required changes before the product is released for shipment.
