Dow AgroSciences LLC 9330 Zionsville Road Indianapolis, IN 46268-1054 USA

GlyMix* MT EPA Reg. No. 62719-366

For Preplant, At-Planting and Preemergence Applications in Barley (All Types)

ATTENTION

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This labeling must be in the possession of the user at the time of application.
- Read the label affixed to the container for GlyMix* MT herbicide before applying. Carefully follow all precautionary statements and applicable use directions.
- Use of GlyMix MT according to this supplemental labeling is subject to all use precautions and limitations imposed by the label affixed to the product container.

Directions for Use

Avoid contact of herbicide with foliage, green stems, exposed non-woody roots or fruit of crops, desirable plants and trees, because severe injury or destruction may result.

See "General Information" and "Mixing" sections of the label booklet for this product for essential product performance information.

This product may be used to control annual and perennial weeds listed on the product label when applied preplant, at-planting or preemergence to any type of barley.

Apply up to 2 quarts of this product per acre per year before, during or after planting, but prior to barley emergence.
