Goal* 2XL

EPA Reg. No. 62719-424

**For Aerial Application in Fresno County, California Only
(From February 15 through March 31 Only)**

ATTENTION

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This labeling must be in the possession of the user at the time of application.
- Read the label affixed to the container for Goal* 2XL herbicide before applying. Carefully follow all precautionary statements and applicable use directions.
- Use of Goal 2XL according to this supplemental labeling is subject to all use precautions and limitations imposed by the label affixed to the product container.

Directions for Use

In addition to the directions for use for aerial application of Goal 2XL that appear on the EPA registered label, the following guidelines are required between the dates of February 15 and March 31 for applications in the following geographic area:

- North: Fresno County line
- South: Fresno County line
- East: State Highway 99
- West: Fresno County line

Observe the following directions to minimize off-site movement during aerial application of Goal 2XL. Minimization of off-site movement is the responsibility of the grower, pest control advisor and aerial applicator.

A written recommendation **must** be submitted by or on behalf of the applicator to the Fresno County Agricultural Commissioner 24 hours prior to the application. This written recommendation **must** state the proximity of surrounding crops, and that conditions of each manufacturer's product label and this label have been satisfied.

Aerial application of Goal 2XL is limited to pilots who have successfully completed a Fresno County Agricultural Commissioner and California Department of Pesticide Regulation approved training program for aerial application of herbicides. All aircraft must be inspected, critiqued in flight and certified at a Fresno County Agricultural Commissioner approved fly-in. Test and calibrate spray equipment at intervals sufficient to insure that proper rates are being applied during the commercial use season. Applicator must document such calibrations and testing. Demonstration of performance at Fresno County Agricultural Commissioner approved "fly-ins" constitutes such documentation; or other written records showing calculations and measurements of flight and spray parameters acceptable.

Do not apply this product by air earlier than 30 minutes prior to sunrise and/or later than 30 minutes after sunset without prior permission from the Fresno County Agricultural Commissioner.
