Shannon Whitlock
Regulatory Leader
Corteva Agriscience LLC
9330 Zionsville Road
Indianapolis, IN 46268

Subject: PRIA Label Amendment – Section 3 amendments submitted with an IR-4 petition for a new use on stalk and stem vegetable subgroup 22A; new greenhouse uses on cucumber, lettuce, pepper, and tomato; and a crop group conversion for spice group 26.

Product Name: Spinosad NT

EPA Registration Number: 62719-497

Application Date: 3/30/2022

Case Number: 00483119, 00480089, 00477915

Dear Ms. Whitlock,

The application referred to above, submitted under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable under FIFRA section 3(c)(5).

You must submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one (1) copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those

claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact David Drawbaugh at (202) 566-2604 or at Drawbaugh.David@epa.gov.

Sincerely,

Ideliz Negrón-

Other Ingredients	9.6%
Total	100.0%

Precautionary Statements

Environmental Hazards

This product is toxic to aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product may only be formulated into manufacturing-use insecticide products or end-use insecticide products for the following uses:

acerola; atemoya; avocado; banana; berry, low growing (except cranberry) subgroup 13-07G; berry low growing (except strawberry) subgroup 13-07H; birdseed; biriba; black sapote; brassica head and stem vegetables crop group 5-16; bulb vegetable crop group 3-07 (includes subgroups 3-07A and 3-07B); bushberry subgroup 13-07B; caneberry crop subgroup 13-07A; canistel; cereal grain crop group 15; cherimoya; citrus fruit crop group 10-10; coffee; commercial aquatic plants; cotton (cottonseed subgroup 20C); cucurbit vegetables crop group 9; custard apple; dates; dried shelled pea and bean (except soybean) subgroup 6C; edible-podded legume vegetables subgroup 6A; feijoa; fig; foliage of legume vegetables crop group 7; fruiting vegetable crop group 8-10; grass forage fodder, and hay crop group 17; grass grown for seed; guava; herbs subgroup 19A; hops, dried cones; ilama; jaboticaba; leaf petiole vegetable subgroup 22B; leafy vegetable crop group 4-16 (includes subgroups 4-16A and 4-16B); leaves of root and tuber vegetables crop group 2; legume forage grown for seed; longan; lychee; mamey sapote;

mango; mint; mosquito and midge larvae in non-crop sites (temporary standing water, other freshwater sites, freshwater swamps and marshes, marine/coastal areas, stormwater/drainage systems, wastewater, dormant rice fields, natural and artificial containers) and agricultural/crop sites (pastures/hay fields, rangeland, orchards, citrus groves); non-crop areas (roadsides, rights-of-way, industrial areas, farmsteads, corrals, and in or around agricultural animal premises); papaya; passionfruit; peanut; permanent pastures; pineapple; pitaya (dragon fruit); plantain; pome fruit crop group 11-10; pomegranate; pulasan; quinoa; rangeland; rambutan; recreation areas; root and tuber vegetables crop group 1; sapodilla; small fruit vine climbing subgroup (except fuzzy kiwifruit) subgroup 13-07F; Spanish lime; spices crop group 26 (except black pepper); stalk and stem vegetables subgroup 22A; sod farms; soursop; soybean; star apple; starfruit; stone fruit crop group 12-12; succulent shelled pea and bean subgroup 6B; sugar apple; tobacco; tree farms or plantations; tree nut crop group 14-12; turf and ornamental; wax jambu. This product may be used to formulate products for specific use(s) not listed on this label if the formulator, user group or grower has complied with U.S.EPA submission requirements regarding the support of such use(s). Consult Corteva Agriscience for instructions for formulation and other information.

(Storage and Disposal for rigid containers 5 gal or less)

Storage and Disposal

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store in original container only. In case of leak or spill, contain material with absorbent materials and dispose as waste.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse or refill this container.

Triple rinse or pressure rinse container (or equivalent) promptly after emptying. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration, or by other procedures allowed by state and local authorities.

(Storage and Disposal for nonrigid containers any size)

Storage and Disposal

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store in a cool, dry place. Store in original container. In case of leak or spill, use absorbent material and dispose as waste.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available.

(Storage and Disposal for refillable rigid containers larger than 5 gal)

Storage and Disposal

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store in original container only. In case of leak or spill, contain material with absorbent materials and dispose as waste.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Handling: Refillable container. Refill this container with pesticide only. Do not reuse this container for any other purpose.

Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller. Then offer for recycling if available, or puncture and dispose of in a sanitary landfill, or by incineration, or by other procedures allowed by state and local authorities.

(Storage and Disposal for nonrefillable rigid containers larger than 5 gal)
