NOTIFICATION

FEB 21 1997

Dear Mr. Johnson:

We have become aware of an omission from our label for the ZIP STRIP, EPA Reg. No. 62896-1, approved 1/6/97, concerning the application rate for the product. By this notification, we are correcting that omission with the addition of the following statement:

Apply 1/6 to 1/3 ounce (1/2 to 1 inch) per ton of cooling capacity.

Enclosed, please find six (6) copies of the amended label for our product The ZIP STRIP, EPA Reg. No. 62896-1.

If there are any problems, you have any questions or require further information, please do not hesitate to call at (954) 565-7080 or fax to (954) 565-0309.

We appreciate your time and attention to our registration.

Respectfully,

James A. Roszell, Ph.D.
Chemist

(continued from front panel) Corrosive. Causes irreversible eye damage. Do not get in eyes or on clothing. Wear goggles or face shield. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before use.

Statement of Practical Treatment:

If in eyes: Call a physician. Keep eye lids open and flush with a gentle steady stream of water for 15 minutes. If swallowed: Drink promptly a large quantity of milk, egg white or gelatin mixture, or if these are not available a large quantity of water.

Avoid alcohol.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.
