	<b>TERM OF ISSUANCE</b>	
	<b>NAME OF PESTICIDE PRODUCT</b> DIA-11-1 JENDO TALLER	

**NOTICE OF PESTICIDE:** ☒ REGISTRATION  
☐ REREISTRATION  
(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)

**NAME AND ADDRESS OF REGISTRANT (Include ZIP code)**

Custom Products Inc.  
1200 Bl. Oak, Suite 412  
Burlington, MA 01803

**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) as follows:

1. Submit/date all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below when you release the product for shipment:
  - a. Insert the word "DIA-11-1" in the label.
  - b. Change the active ingredient statement to:  
Diazinon - Diazinon 1000.
  - c. In the label, change the word "DIA-11-1" to "Diazinon" and place with the word "Diazinon" the word "Diazinon". Under "Diazinon" change the word "product" to "Diazinon".
  - d. In the label, change the word "DIA-11-1" with the word "DIA-11-1" and the word "DIA-11-1" under the "DIA-11-1".

ACCEPTED  
with COMMENTS  
in EPA Letter Dated:

MAR 26 1980

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act

## STA-CLEAR JUMBO TABLETS

- A most effective algacide •
- Will not cause cloudiness in water •
- Will not add scale forming minerals to the water •

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

When starting up a new pool, superchlorinate to satisfy chlorine demand and to establish a chlorine residual of 1.0 PPM to 1.5 PPM available chlorine. To accomplish this, add 2 oz. of any Concentrated Swimming Pool Sanitizer per 1,000 gallons of pool water. The next morning add some Cyanuric Acid to stabilize the pool, according to directions given on the label.

Test pool water frequently with a suitable test kit and maintain a chlorine residual of 1.0 to 1.5 PPM at all times (as determined by daily or more frequent use of a chlorine test kit). Immerse one STA-Clear Jumbo Tablet (or more until residual is obtained) for each 5,000 to 10,000 gallons of pool water by means of feeder or float (but never directly into the pool, as discoloration of the pool liner or paint could occur). Variables such as water temperature, water flow rate, filter cycles, bather loads, and methods of application will affect the dissolution speed of the tablet and therefore the rate of flow of chlorine solution into the pool.

During summer and peak bather loads, superchlorinate at least twice weekly as directed above.

Keep the pH between 7.4 and 7.6 as determined by a suitable test kit.

**WARNING:** CHEMICAL SHOULD NOT COME IN DIRECT CONTACT WITH SURFACE OF VINYL LINER, FIBERGLASS, ACRYLIC COLORED PLASTER OR PAINTED POTLS AND SPAS.

**DANGER:** DO NOT POOL IN SWIMMER. DO NOT MIX WITH OTHER CHEMICALS!

## STA-CLEAR JUMBO TABLETS

(Approximate weight of each Tablet 7.0 oz.)

Active Ingredient:	99%
Trichloroisocyanuric Acid	
Inert Ingredients	1%
AVAILABLE CHLORINE	90%

NET WT. lbs.

**DANGER:**

KEEP OUT OF REACH OF CHILDREN  
• SEE FIRST AID AND OTHER PRECAUTIONS ON SIDE PANEL •

### DANGER

#### KEEP OUT OF REACH OF CHILDREN

Corrosive. Causes eye damage. Do not get in eyes or on skin. Do not breathe dust. May cause skin, nose and throat irritation. Wear safety goggles, dust respirator and protective clothing when handling. May be fatal if swallowed. May cause burns to broken skin.

### FIRST AID

In case of personal contact remove excess material and flush skin or eyes with cold water for at least 15 minutes. For eyes get medical attention. Clean contaminated clothing before reuse. If swallowed, feed gruel or cooked cereal followed by olive oil or cooking oil. Call a Physician immediately.

### DANGER

Strong oxidizing agent. Moisture contamination may be irritating and hazardous chlorine containing gases. Decomposes at 350°-475° with liberation of harmful gases. In case of decomposition, if possible isolate container in open air or well ventilated area. Flood with large volume of water if necessary.

Mix only with water. Do not mix with other pool chemicals. Use only dry, clean measuring utensils. Store in cool dry place. Keep closed when not being used.

### ENVIRONMENTAL HAZARDS

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water. Do not contaminate water by cleaning of equipment or disposal of wastes.

### STORAGE AND DISPOSAL

Keep product dry in tightly closed container when not in use. Store in a cool dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container if possible, and flood with large amounts of water. Completely empty, liberally shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by state and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.
