Orange, Virginia 22960

Subject: Label Notification(s) for Pesticide Registration PR Notice 2007-4

Dear Mr. Welborn:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated March 21, 2013

EPA Registration Number: 63191-13

Insect Dust

The Registration Division (RD) has conducted a review of this request for applicability Under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our Records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Melody Banks on 703 305-5413 or via banks.melody@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gebken".

Richard Gebken
Product Manager 13
Insecticide Branch
Registration Division (7504P)

St. Gabriel Organics AntEater

Pantry Bug Powder

Dehydrates Insects Dead

FOR USE INDOORS & OUTDOORS

An effective Addition for Insect Control. Effective and long lasting when Kept Dry.

ST. GABRIEL ORGANICS INSECT DUST Diatomaceous Earth is a mechanical insect killer. Insects cannot become immune to its action. Insects come into contact with this powder and die within 48 hours.

ACTIVE INGREDIENT:

Diatomaceous earth	
Silicon dioxide	85%
Other elemental oxides	10%
Moisture	5%
TOTAL	100.0%

NET WT 3 oz.

CAUTION:

KEEP OUT OF REACH OF CHILDREN

EPA Reg. No. 63191-13
EPA Est. No. 63191-VA-1

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes. Use adequate ventilation and avoid breathing dust. Wear a suitable dust mask approved by NIOSH/MSHA when using this product during prolonged exposure. Wash hands thoroughly after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

FIRST AID:

IF IN EYES:

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing.
Call a poison control center or doctor for treatment advice.

Manufacturer makes no warranty, expressed or implied, regarding the use of this product for any purposes other than those described on this label

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place away from direct sunlight. Keep container tightly closed to protect product from moisture.

PESTICIDE CONTAINER AND DISPOSAL HANDLING: Non-refillable container. Do not reuse or refill container.

If empty: Place in trash or offer for recycling, if available

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

IN CASE OF SPILL: Vacuum or dampen with water and sweep. Dispose of in trash or at a local sanitary landfill.

DIRECTIONS FOR USE:

IT IS A FEDERAL VIOLATION TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELLING

INDOOR AND OUTDOOR APPLICATIONS:

ST. GABRIEL ORGANICS INSECT DUST is intended for application with a hand duster, powder duster or other similar means for application to areas where crawling insects are found. Apply INSECT DUST to cracks and crevices with the use of a bulbous duster or other suitable equipment. Apply lightly and uniformly.

INDOOR USE:

Cockroaches, Ants, Earwigs, Millipedes, Centipedes, Crickets, and Silverfish: Lightly coat a thin layer of INSECT DUST powder in areas where these pests are found and may hide such as cracks and crevices, behind and beneath equipment, appliances, cabinets, stoves, garbage areas and basements. Treat open spaces below floors, above ceilings, within walls, under stairs, around pipe(s), around sinks, and in utility closets. Dust insects directly if possible. Repeat treatments regularly.

OUTDOOR USE:

Cockroaches, Ants, Earwigs, Millipedes, Centipedes, Crickets, and other crawling insects: Lightly coat a thin layer of INSECT DUST in areas where these insects are found such as patios, outdoor sills, window and door frames. Dust around foundations, along ant trails and around sewer pipes and drains. Repeat treatment as necessary.

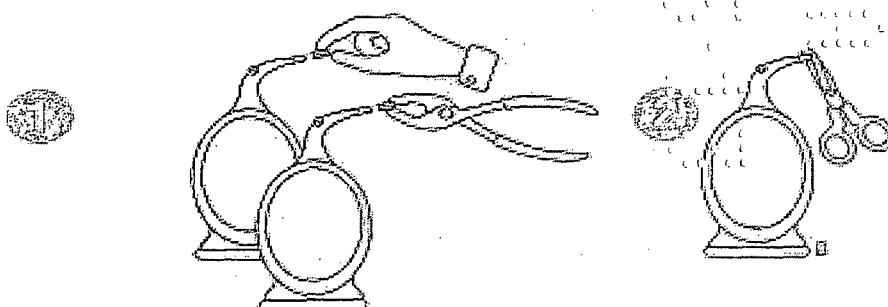

FLEAS:

Thoroughly treat floor and bedding in and around pets' sleeping quarters. Treat surrounding cracks and crevices, baseboards, carpeting and wherever fleas are suspected. Rake (not sweep) INSECT DUST back and forth causing dust to enter rug or carpet. Leave overnight. Repeat applications and vacuum every 3 to 4 days to effectively control fleas.

CARPET BEETLES:

Dust along baseboards, carpet edges, under carpeting, furniture, in closets and shelving where these insects are seen or suspected.
