OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

January 6, 2016

Mr. Benjamin Welborn
St. Gabriel Organics
14044 Litchfield Drive
Orange, VA 22960

Subject: Label Amendment – response to Agency letter dated July 29, 2015
Product Name: Insect Dust
EPA Registration Number: 63191-13
Application Date: January 5, 2016
Decision Number: 512618

Dear Mr. Welborn:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

EPA Reg. No. 63191-13
Decision No. 512618

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Linda A. DeLuise by phone at 703.305.5428, or via email at deluise.linda@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Gebken", written in a cursive style.

Manufacturer makes no warranty, expressed or implied, regarding the use of this product for any purposes other than those described on this label

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place away from direct sunlight. Keep container tightly closed to protect product from moisture.

PESTICIDE CONTAINER AND DISPOSAL HANDLING: Non-refillable container. Do not reuse or refill container.

If empty: Place in trash or offer for recycling, if available

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

IN CASE OF SPILL: Vacuum or dampen with water and sweep. Dispose of in trash or at a local sanitary landfill.

DIRECTIONS FOR USE:

IT IS A FEDERAL VIOLAION TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELLING

INDOOR AND OUTDOOR APPLICATIONS:

ST. GABRIEL ORGANICS [Insect Dust] [AntEater Pantry Bug Powder] [UrthPet Flea Powder] is intended for application with a hand duster, powder duster or other similar means for application to areas where crawling insects are found. Apply [Insect Dust] [AntEater Pantry Bug Powder] [UrthPet Flea Powder] to cracks and crevices with the use of a bulbous duster or other suitable equipment. Apply lightly and uniformly.

INDOOR USE:

Cockroaches, Ants, Earwigs, Millipedes, Centipedes, Crickets, and Silverfish: Lightly coat a thin layer of [Insect Dust] [AntEater Pantry Bug Powder] [UrthPet Flea Powder] in areas where these pests are found and may hide such as cracks and crevices, behind and beneath equipment, appliances, cabinets, stoves, garbage areas and basements. Treat open spaces below floors, above ceilings, within walls, under stairs, around pipe(s), around sinks, and in utility closets. Dust insects directly if possible. Repeat treatments regularly.

OUTDOOR USE:

Cockroaches, Ants, Earwigs, Millipedes, Centipedes, Crickets, and other crawling insects: Lightly coat a thin layer of [Insect Dust] [AntEater Pantry Bug Powder] [UrthPet Flea Powder] in areas where these insects are found such as patios, outdoor sills, window and door frames. Dust around foundations, along ant trails and around sewer pipes and drains. Repeat treatment as necessary.

FLEAS:

Thoroughly treat floor and bedding in and around pets' sleeping quarters. Treat surrounding cracks and crevices, baseboards, carpeting and wherever fleas are suspected. Rake (not sweep) [Insect Dust] [AntEater Pantry Bug Powder] [UrthPet Flea Powder] back and forth causing dust to enter rug or carpet. Leave overnight. Repeat applications and vacuum every 3 to 4 days to effectively control fleas.

CARPET BEETLES:

Dust along baseboards, carpet edges, under carpeting, furniture, in closets and shelving where these insects are seen or suspected.
