PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if swallowed. Avoid inhalation. Avoid contact with skin, eyes or clothing. Wash contaminated skin promptly with soap and water. For eyes, flush with plenty of water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

1. Apply when moss is wet - after a rain, after watering, or with early morning dew.
2. Apply ROOF SAVER to lightly affected areas at the rate of one pound per 1,000 square feet. For heavier moss growth, apply over smaller area.
3. In two to four weeks, moss will turn from green to yellow to brown.
4. Removal of dead moss is not advised. Continual action of ROOF SAVER will occur. Leave dead moss because it will break down and gradually weather away.

STORAGE AND DISPOSAL

Store in a cool, dry area away from heat or open flame. Do not reuse empty container. Wrap container in several layers of newspaper and put in trash collection.

CAUTION: ROOF SAVER is corrosive to copper.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risks of use and/or handling of this material when such use and/or handling is contrary to label instructions.
