Rhizopon AA #1 (0.1)

Plant Growth Regulator- Rooting Hormone
For Nursery or Greenhouse Use Only

Use to promote rooting of plant cuttings.
For rooting house, foliage, tropical and hardy ornamental plants;
leaf, greenwood and softwood cuttings.

Ingredients:
Active ingredients
Indole-3-butyric acid 0.1%
Inert ingredients 99.9%
Total 100.0%

Exclusive USA importer: Hortus USA Corp., New York NY 10011
Made in Holland, EPA REG#83310-19, EPA EST#83310-HL-001

Net weight: XXX lb.

Keep out of reach of children

CAUTION

See additional precautionary statements on back panel.

Use Rhizopon AA to propagate new plants from cuttings. The new plants will have the same characteristics as the parent plant. Rhizopon AA treated cutting will expect to produce uniform roots all around the basal end of the cutting: the result is a beautiful symmetric plant.

Rhizopon AA #1 is used on most home, tropical, greenhouse and nursery plants including herbaceous and soft wood plants.

Typical plants propagated using Rhizopon #1 (0.1): African violet, ageratum, andromeda, azalea var., barberry, bayberry, beauty berry, begonia, blackberry, bluebeard, blueberry, bougainvillea, snake plant, broom, abelia, butterfly bush, candytuft, carnation, chrysanthemum, clerodendron, clockvine, coleus, crepe myrtle, crassula, creeper, croton, currant, dahlia, daphne, deutzia, dewberry, dovesree, dracena, dutchman's pipe, elder, euonymus, firethorne, flowering cherry var., fontanesia, forsythia, fuchsia, gardenia, geranium, hazelnut, honeysuckle, hydrangea, jasmine, jetbead, kerria, laburnocytisus, lantern, lavender, lily scales, linden, melastoma, mock orange, mulberry, orixia, osage orange, pea shrub, pear rootstock, penstemon, petunia, philodendron, phlox, photinia, poinsettia, poplar, pricklypear cactus, raspberry, rose, sage, snapdragon, snowberry, speedwell, spiraea, Norway spruce var., stevia, stewartia, St. Johnswort, sweetleaf, trumpet creeper, verbena, viburnum, waxmyrtle, weigelia, willow.

NOTIFICATION:
Change
Re-entry

to 4 Hours

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with labeling. For any requirements specific to your State or Tribe, consult the Agency responsible.

1. Take plant cuttings, usually 4-6 inch stem cuttings, from the current years growth. For woody cuttings usually wound by making a 3/4 inch notch at basal end.
2. Dip the basal end of the cuttings 3/4-1 inch into the Rhizopon AA powder. Tap off excess powder.
3. Plant the cuttings immediately in moist media. Avoid contact between the powder and foliage and other over ground parts of the stem.
4. Take care of cuttings.

Take off a small portion of the powder for your immediate use. Do not contaminate this stock container by returning used portion to this container. Dispose of used portion.

STORAGE AND DISPOSAL

Store in a cool dry place. Keep in original container. Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility. Container disposal-triple rinse (or equivalent). Then offer for recycling, or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

PRECAUTIONARY STATEMENTS

Hazards to humans and domestic animals.

CAUTION

Causes moderate eye injury. Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust (vapor or spray mist). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

STATEMENT OF PRACTICAL TREATMENT

If inhaled remove victim to fresh air. If not breathing give artificial respiration, preferably mouth to mouth. Get medical attention. If on skin wash with plenty of soap and water. If in eyes wash with plenty of water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

Do not contaminate water when disposing of equipment wash waters. Do not apply directly to water, to areas where surface water is present or intertidal areas below the mean high water mark.

WARRANTY

It is warranted that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of application all of which is beyond the control of Rhizopon b.v. or Hortus USA Corp. In no case shall Rhizopon or Hortus be liable for consequential, special or indirect damages resulting from the use or handling of this product. All risks shall be assumed by the buyer. Rhizopon or Hortus USA make no warranties of merchantability or fitness for a particular purpose nor other express or implied warranty except as stated above.

AGRICULTURAL USE REQUIREMENTS

Use this product in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act, 40 CFR-170. This product is restricted under the Federal Insecticide, Fungicide, and Rodenticide Act. Agricultural workers or handlers of agricultural products who are required to use this product must be notified of the restrictions, decontamination, notification, and exemptions provisions of the Act and the instructions and exemptions provisions of the Act. The requirements in this section are covered by the Workers Protection Act. Do not apply this product in a manner that will result in the drift of the product either directly or through drift, to other crops, plants, or animals. For any requirements specific to your State or Tribe, consult the Agency responsible for pesticide regulation.

Entry-Restriction: Do not enter the restricted-entry interval (REI). The restricted-entry interval (REI) is:

- the specific number of hours, days, or weeks after application, as indicated on the product label for the REI; or
- 4 hours, if no specific number of hours, days, or weeks is indicated on the product label for the REI.

The restricted-entry for this product is 4 hours. Notification Instructions: Follow the instructions on the product label for the REI. Exception: If the label elsewhere on the product label offers a choice, you must notify the handler orally AND by posting signs at the WPS.

Personal Protective Equipment

- Handler PPE: Pesticide handlers must wear the personal protective equipment (PPE) specified on the product label for specific tasks in performing such tasks. In any case, the PPE must include long sleeved shirt, long pants, and waterproof gloves.
- Early Entry PPE: PPE required under the Worker Protection Act that has been treated, such as PPE elsewhere on this product label, is waived. In any case, the PPE must include long sleeved shirt, long pants, and waterproof gloves.

Conflicting Instructions: If the label elsewhere on this product label offers a choice, you must notify the handler orally AND by posting signs at the WPS.

Personal Protective Equipment

- Applicators and other handlers must wear:
- Long sleeved shirt, long pants, and waterproof gloves.
- User Safety Recommendation: Users should:
- Wash hands before eating, drinking, or using the toilet.
- Remove clothing immediately if it becomes wet with the pesticide and put on clean clothing.
- Remove PPE immediately after use and before removing. As soon as possible, wash the clothing.
