

# RHIZOPON<sup>®</sup>

## AA #3 (0.8)

WHITE POWDER COLOR CODED  
FOR EASY IDENTIFICATION  
Plant Growth Regulator-  
Dry Powder Rooting Hormone

USE TO PROMOTE ROOTING  
OF PLANT CUTTINGS  
For Rooting House, Foliage, Tropical  
and Hardy Ornamental Plants;  
Leaf, Greenwood and Softwood Cuttings

Use in Greenhouses and Nurseries Only

Ingredients:	
Active ingredients	
Indole-3-butyric acid	0.8%
Other ingredients	99.2%
Total	100.0%

Exclusive USA Importer: Hortus USA Corp., NY NY 10011  
Made in Holland. EPA Reg No. 63310-21. EPA Est No. 63310-HL-001  
Master USA Distributor: PHYTOTRONICS, 314-770-0717

Net Wt: 1 lb.

Keep Out Of Reach Of Children

**CAUTION**

See additional precautionary statements on back panels

Use Rhizopon AA to propagate new plants from cuttings. The new plants will have the same characteristics as the parent plant. Rhizopon AA treated cuttings will expect to produce uniform roots all around the basal end of the cuttings; the results are beautiful symmetric plants.

Rhizopon AA #3 is used on greenwood, softwood and hardwood cuttings including more difficult to root cuttings.

Typical plants propagated using Rhizopon #3 (0.8):

acanthropanax, apple (malus sp.), arborvitae, arbutus, azalea var., beauty bush, birch, bittersweet, boxwood, camellia, catalpa, chaste tree, chestnut, choke berry, cotoneaster, crab apple, cryptomeria, dogwood, Douglas fir, escallonia, flowering quince, gardenia, germander, grape, hawthorn, heath, heather, hemlock var., hibiscus, holly (Am., Chin., Eng.), juniper var., knotwood, laurel, lilac, locust, magnolia, manzanita, maple Jap. var., matrimony vine, ninebark, oak, olive, orange (sour), pear rootstocks, pachysandra, pecan, petunia, photinia, pine var., privet, retinospora, rhododendron var., Russian olive, snowbell, sourwood, tulip tree, umbrella pine, yew var.

If in eyes	> Hold eyes open and rinse slowly with water for 15-20 minutes > Remove contact lenses, if present after the first 5 minutes then continue rinsing eye > Call a poison center or a doctor for further treatment or advise
If on skin or clothing	> Take off contaminated clothing > Rinse skin immediately with plenty of water for 15-20 minutes > Call a poison center or a doctor for further treatment or advise
If swallowed	> Call a poison center or a doctor for further treatment or advise > Have person sip water if able to swallow > Do not induce vomiting unless told to do so by the poison control center or doctor. > Do not give anything by mouth to an unconscious person.
If inhaled	> Move person to fresh air > If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible > Call a poison center or a doctor for further treatment or advise
NOTE TO PHYSICIAN: May cause minor eye irritation which will last a short time. This product does NOT contain any petroleum, caustics or active solvent products	
Have the product container or label with you when you call a poison control center or doctor or going for treatment. You may call 800-325-3055 or 314-770-0717. 7:30AM-5PM CST Mon-Fri or the National Pesticide Information Center (NPIC) at 1-800-858-7378	

You may also call 800-325-3055 or 314-770-0717 for an MSDS. 7:30AM-5PM CST M-F

## ENVIRONMENTAL HAZARDS

For terrestrial uses. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of equipment wash waters or rinsate.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with labeling. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

### AGRICULTURAL USE REQUIREMENTS

Use this product in accordance with its labeling and with the Worker Protection Standard, 40 CFR 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this labeling about personal protective equipment and restricted-entry intervals. The requirements in this box only apply to the uses of this product that are covered by the Workers Protection Standard (WPS). Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

THE RESTRICTED-ENTRY INTERVAL (REI)  
FOR THIS PRODUCT IS "0" HOURS.

1. Take plant cuttings, usually 4-6 inch stem cuttings, from the current years growth. For woody cuttings usually wound by making a 3/4 inch notch at basal end.
2. Dip the basal end of the cuttings 3/4-1 inch into the Rhizopon AA powder. Tap off excess powder.
3. Plant the cuttings immediately in moist media. Avoid contact between the powder and foliage and other over ground parts of the stem.
4. Take care of cuttings as appropriate for the plant variety. Control watering, temperature, humidity, light and other environmental factors. Observe and control external factors such as insects and fungus.

Take off a small portion of the powder for your immediate use. Do not contaminate this stock container by returning used portion to this container. Dispose of un-used portion as described in the 'Storage and Disposal' statements on this label.

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.  
**Pesticide Storage:** Store in a cool dry place. Keep in original container.  
**Pesticide Disposal:** Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility.  
**Container Disposal:** Triple rinse (or equivalent). Then offer for recycling, or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

### WARRANTY

It is warranted that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of application all of which is beyond the control of Rhizopon b.v. or Hortus USA Corp. To the extent of the law, Rhizopon or Hortus USA shall not be liable for consequential, special or indirect damages resulting from the use or handling of this product. To the extent of the law, all risks shall be assumed by the buyer. Rhizopon or Hortus USA make no warranties of merchantability or fitness for a particular purpose nor other express or implied warranty except as stated above.
