(\_\_\_ Mosquito Coils)  
(One Reusable Pot)

[Box Back Panel]

## FAMILY MOSQUITO COILS

Use outdoors on patios, porches and campsites. Keeps area free from mosquitoes for up to 8 hours in still air. Keeps area free from mosquitoes for up to 4 hours.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Loosen coils until ends move freely. Grasp each comma shaped end in the center between thumb and forefinger of each hand and separate the two coils by gently pressing them apart. Hold one comma shaped end and shake lightly or gently pry to separate the coils. Insert top of coil stand into slot in comma shaped end of coil. Light the outer end of the coil and let burn (flame) approximately ¼ inch or less. Blow out the flame and allow the coil to smolder until extinguished. For shorter periods of use break the coil into desired length and place in notched cut out of holder. For best results, do not use in wind. Coil burns 6-8 hours in still air.

[Pot Label]

**FAMILY MOSQUITO COILS**

For Best Results Use Only Family Mosquito Coil Refills

For outdoor use only. Place in a flat heat-resistant surface away from anything flammable and out of reach of children or pets. Keep pot free of matches or other foreign matter. Smoldering coil not intended for use to light other items. To extinguish coil, smother lit coil by carefully lifting coil out of pot and pressing the glowing end against the base of the pot. A burning coil should not be left unattended. Coils other than Family Mosquito Coils will not work in this device. Family Products Sdn. Berhad will not be held responsible for damage, injury or poor performance caused by use of other mosquito coil refills.

**Important Note:** To reduce fire hazard and to avoid overheating of the pot surface, blow out flame after lighting coil!
