OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

August 31, 2012

MaryBeth Endres
Agent for Family Products Sdn. Berhad
RegWest Company, LLC
8203 West 20th St., Suite A
Greeley, CO 80634-4696

Subject: Amended Reregistration Label
Product Name: Family Mosquito Coils
EPA Registration Number: 63376-1
EPA Decision Number: 424941

Dear Ms. Endres:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the **Allethrin** RED and has concluded that your submission is acceptable.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 8/28/12
- Alternate CSF A-E, dated 8/28/12

Please note that, should you wish to add/retain a reference to the company's website on your label, the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under section 12(a)(1)(E) of FIFRA. 40 CFR §156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not be substantially differ from those claims approved through the registration process. Therefore, should the Agency find, or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance (OECA). As an alternative, you may refer consumers to the company's phone number or e-mail address.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable

containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact either Linda Arrington at (703) 305 6249 or via e-mail at Arrington.Linda@epa.gov.

Sincerely yours,

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7505P)

<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-558-5252, Monday through Friday, 8:30 a.m. to 4:30 pm. EST. After 5:00 p.m., call your poison control center.</p>	

{Note: The first aid statements' grid format will be used if market label space permits; otherwise a paragraph format will be used.}

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing vapors. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Physical or Chemical Hazards

Use with caution to avoid fire hazard.

Environmental Hazards

This product is toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain do not blow or wash pesticide from the treatment area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Family Mosquito Coils

Use outdoors on patios, porches and campsites. Keeps area free from mosquitoes for up to [2] [4] [6] [8] hours [in still air].

Loosen coils until ends move freely. Grasp each comma shaped end in the center between thumb and forefinger of each hand and separate the two coils by gently pressing them apart. Hold one comma shaped end and lightly shake or gently pry to separate the coils. Insert top of coil stand into slot in comma shaped end of coil. Light the outer end of the coil and let burn (flame) approximately 1/4 inch or less. Blow out the flame and allow the coil to smolder until extinguished. For shorter periods of use break the coil into desired length and place in notched cut out of holder. For best results, do not use in wind. Coil burns for up to [2] [4] [6] [8] hours in still air.

1 Separate Coil

2 Light Coil

3 Place in Stand

(When marketed with ceramic pot:)

Insert the coil into metal stand in pot. Light the outer end of the coil and let burn (flame) approximately 1/4 inch or less. **Blow out the flame**, place the lid on the pot and allow the coil to smolder until extinguished. For shorter periods of use, carefully extinguish coil and re-light when needed. For best results, do not use in wind. Coil burns up to [2] [4] [6] [8] hours in still air.

Mount Coil	Light Coil	Blow out Flame

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Do not store near sources of heat or open flame. Store in original container in a cool, dry (preferably locked) area inaccessible to children or pets. **Pesticide/Container Disposal: If empty:** Non-refillable container; do not reuse or refill this container. Offer for recycling if available. **If partly filled or for unused coils:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

{Per PR Notice 2007-4 the batch code/lot number will appear on the label or container.}

{Pot Label}

Family Mosquito Coils

For Best Results Use Only Family Mosquito Coil Refills

Only for outdoor use. Place on a flat heat-resistant surface away from anything flammable and out of reach of children and pets. Keep pot free of matches or other foreign matter. Do not use smoldering coil to light other items. To extinguish coil, smother lit coil by carefully lifting coil out of pot and pressing the glowing end against the base of the pot. Do not leave a burning coil unattended. Coils other than Family Mosquito Coils will not work in this device. Family Products Sdn. Berhad will not be held responsible for damage, injury or poor performance caused by use of other mosquito coil refills.

Important Note: To reduce fire hazard and to avoid overheating of the pot surface, blow out flame after lighting coil!
