(5 Sticks of 33 gm. each)

{Back Panel}

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Storage: Store in a cool, dry place (preferably locked) inaccessible to children and pets and away from sources of heat or ignition.
Disposal: Do not reuse empty box. **Used Sticks:** Sweep ashes into trash. **Unused Sticks:** Wrap and put in trash.

Use outdoors on or around patios, porches, etc. Keeps area free from mosquitoes for up to 4 hours in still air. Repels mosquitoes quick!

Remove Family Mosquito Repellent Stick from box. Ignite tip until it flames and invert to further ignite body of the Stick. When this occurs, blow out flame. It will now burn without flame and create a smoke to repel mosquitoes. Place bottom of stick end into ground around area to be protected, or if ground is not accessible in/around area, into containers (such as garden pots) filled with sand or dirt.

Place Family Mosquito Repellent Sticks every 10-12 feet. To extinguish, gently knock off glowing tip and extinguish tip into ground, dirt or sand.

Note: If cracks appear in body of stick, this is normal and in no way impedes its effectiveness.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Avoid prolonged inhalation or contact with skin. Avoid contact with eyes or clothing. Do not touch lit end of stick. Do not use indoors. Wash hands after use and before eating or smoking. Cover any exposed food to avoid contamination. Do not place in direct contact with flammable objects, materials or surfaces.
