# SHIP - BOR

## MIXING AND APPLICATION INSTRUCTIONS

Please read carefully before starting

**USE WARM WATER  
FILL 3/4 FULL**

**SHAKE**

**FILL TO 1 GALLON**

**SPRAY** - use garden type sprayer to treat all wood surfaces

**BRUSH** - use a brush to treat wood surfaces.

**DIP** - dip wood into warm solution,  
let soak for 5 minutes.

**TIPS:** pay particular attention to rot prone areas (stem, keel, chine, windshield corners, anywhere two pieces of wood come together).

The wetting process may need to be repeated several times over a 24 hour period to achieve maximum penetration.

Application may also be made by drilling and then injecting the solution directly into the infested area.

Any residue can be washed off with warm water.

Any exterior area or area with excessive moisture should be coated with a water repellent after treatment, such as paint, varnish or epoxy.

SHIP-BOR may be irritating; when using, please wear dust mask and eye protection.

Coverage: 100-150 sq. ft. / gallon average depending on wood porosity.

**PRECAUTIONARY STATEMENTS:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

Harmful if swallowed. Avoid contact with eyes. Wash thoroughly after handling. Avoid contamination of food and feed. Do not leave container where children or animals may gain access.

**STATEMENT OF PRACTICAL TREATMENT**

IF SWALLOWED, immediately contact physician or Poison Control Center. If these are unavailable, give the victim 1 or 2 glasses of water and induce vomiting by touching back of throat with fingers. Do not induce vomiting or give anything by mouth to an unconscious person.

IF IN EYES, flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN, remove contaminated clothing and wash skin with soap and water.

IF INHALED, remove victim to fresh air.

**ENVIRONMENTAL HAZARDS**

SHIP-BOR or SHIP-BOR solutions carelessly spilled or applied to cropland or growing plants, including trees and shrubs, may kill or seriously retard plant growth. Do not contaminate water when disposing of equipment wash waters. Do not apply directly to any body of water.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHIP-BOR is a water soluble inorganic borate salt for the protection and treatment of lumber components against decay fungi, wood boring Beetles and termites. This treatment is not effective against wood staining fungi.

SHIP-BOR is recommended for all interior and exterior wood components which will be protected from rain and not in direct contact with water. The treatment of lumber is permanent even after cutting and finishing providing the wood is not exposed to excessive moisture or in direct contact with water.

This product is toxic to wood destroying insects but surface etching of treated wood may occur.
