SUBJECT:

Sterilex Ultra Powder (EPA Reg. No. 63761-5)

Notification of Minor Label Change per PR Notice 1998-10

This Submission is NOT Subject to PRIA fees

Dear Ms. Noble:

On behalf Sterilex Corporation ("Sterilex"), I am submitting a Notification application to make a minor change to the product label for **Sterilex Ultra Powder (EPA Reg. No. 63761-5)**.

Following her review of the product label the Registration Specialist at the California Department of Pesticide Regulation (CDPR), Jolynn Mahmoudi-Haeri, spoke with my colleague Georgia Anastasiou via telephone to request that Sterilex change the reference statement on the front panel to read "See [back panel] [side panel] [box] for [additional] [first aid] [and] precautionary statement." We are, therefore, revising this statement to comply with the request from CDPR. No other changes have been made to the product label and it remains identical to that approved by EPA on May 6, 2013.

Please find enclosed the following documents in support of this label Notification:

- 1) Application for Pesticide Notification;
- 2) One copy of the proposed product Master label, with changes highlighted and marked; and
- 3) Three (3) copies of the proposed product Master label.

Thank you in advance for your assistance with this submission.

Sincerely,

Wendy A. McCombie

Agent for,

Sterilex Corporation
