Dear Mr. Batdorf:

Subject: Revised label in response to EPA's letter  
Foster 40-30 Fungicidal Protective Coating  
EPA Registration No. 63836-2  
Your Letters Dated July 2, 2001 and September 4, 2002

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with comment.

**Proposed Amendment**

- Proposed finished label

**Label Comments:**

There appears to be a misinterpretation of the Agency's May 17, 2001 letter. The letter did not inform you to delete the statement "Do not contaminate water, food, or feed by storage and disposal". This statement is required on the label in the Storage and Disposal Statement as per PR Notice 83-3. Therefore, the statement must be added immediately following the Storage and Disposal subheading.

- Add the word "Pesticide" prior to the words Storage and Disposal such as:

**Pesticide** Storage: Protect from....not in use.

**Pesticide** Disposal: State or local...(651)236-5881.

- Remove the exclamation mark behind the signal word Caution.
