Mr. Bill McCormick
 The Clorox Company
 P.O. Box 493
 Pleasanton, CA 94566-0803

Dear Mr. McCormick:

Subject: Combat Roach Killing System 1
 EPA Registration No. 64240-4
 Combat Ant Killing System
 EPA Registration No. 64240-3
 Combat Roach Killing System
 EPA Registration No. 64240-2
 Your Submissions Dated May 3, 1993 and May 7, 1993

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable, provided that you make the labeling changes listed below before you release the product:

EPA Registration No. 64240-2:

1. The claims preceded with the word "New" are allowed to be incorporated on new labeling produced for period not to exceed six months following approval.
2. "Tray" should be replaced with "disc" wherever it appears on the labeling.
3. We agree that the new formula dated October 14, 1991 replaces all previous formulas associated with this product. Alternate formulas are not permitted under the same registration number if new separate claims are associated with the new formula.

EPA Registration No. 64240-3:

1. We agree that the new formula dated February 12, 1992 replaces all previous formulas associated with this product. Alternate formulas are not permitted under the same registration number if new separate claims are associated with the new formula.

EPA Registration No. 64240-4:

1. Delete the phrase ". . . even next to food or where you wouldn't dare spray" under revised copy M.
2. Your product name change to Combat Roach Killing System 1 is acceptable.

Submit five copies of your final printed labeling before you release the product for shipment. Stamped copies of the labeling are enclosed for your records.

Sincerely,

George T. LaRocca

phenyl]ethoxy)-2-propenylidene]hydrazono]..... 1.0%
INERT INGREDIENTS..... 99.0%

TOTAL
NET WT. 0.354 OZ.

Back Panel for 3 and 6 - unit Packages

NOTE: Same back label for both sizes with the exception of item 1 in directions for use. Three unit package will state 'use all 3 discs', the 6 unit package will state 'use all 6 discs'.

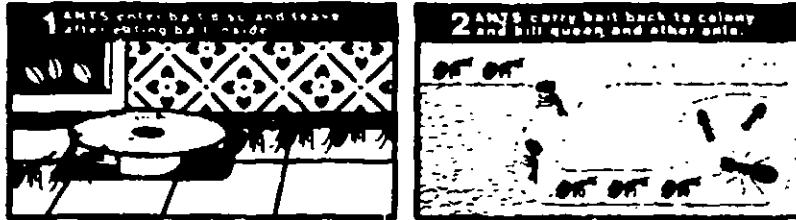

COMBAT® Ant Killing System

COMBAT Ant Killing System contains a totally unique insecticide ingredient which kills most ants commonly found in the household. COMBAT bait discs are effective because ants carry bait back to where they live to destroy queen and entire colony. It even kills ants you don't see outside of your home to prevent more ants from coming inside.

Destroys Queen & Entire Colony

- Odorless
- Child-resistant
- Easy-to-use

THIS IS HOW THE COMBAT ANT KILLING SYSTEM WORKS

DIRECTIONS FOR HOUSEHOLD USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

(Note: do not remove or puncture white label on bait discs.)

1. Break COMBAT® discs apart from plastic frame. Use all 6 discs at the same time for thorough control.
2. Simply place each bait disc by ant trails or close to areas where ants are numerous. Inside, COMBAT can be placed in cabinets, next to food and dishes, or anywhere your ant problem occurs.
3. Outside your home, place additional COMBAT bait discs near cracks and crevices, along sills, or anywhere ants may gain entry.
4. Increased ant activity may be seen near the bait discs for short periods and you can expect to see less activity within one week. For best results, do not interfere with the ants or the disc during its use because ants must carry the bait back to the colony to destroy the queen and other ants.
5. Replace all discs after 3 months of use to keep ants from reappearing.

DISPOSAL: Wrap used discs and put in trash.

EFFECTIVENESS GUARANTEE: COMBAT® stands behind this insect killing system with a full Satisfaction Guarantee. Should you have any questions regarding Combat®, please call 1-800-426-6226.
