HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
First Aid: If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.
 Combat [Information] Helpline: 1-800-426-6228.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with the label.

GENERAL INFORMATION

THIS IS HOW THIS PRODUCT WORKS:

- This product contains a totally unique insecticide ingredient which kills most ants commonly found in households. COMBAT* bait stations are effective because ants carry bait back to where they live to destroy queen and entire colony. It even kills ants you don't see outside of your home to prevent more ants from coming inside.
- This product kills the following ants which feed on sweet and greasy materials: Fire Ants, Argentine, Black Carpenter, Cornfield, Little Black, Odorous House, and Pavement Ants.
- This product is easy to use and has no insecticide odor.

GENERAL PRECAUTIONS AND RESTRICTIONS

Do not remove or puncture white label on bait stations.

STORAGE AND DISPOSAL

STORAGE: Store in cool, dry area (out of reach of children). **DISPOSAL:** If empty, do not reuse this container. Place in trash. If partly filled, call your local solid waste agency or toll free number 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

EFFECTIVENESS GUARANTEED: COMBAT* stands behind this insect killing system with a full Satisfaction Guarantee. Should you have any questions regarding Combat*, please call 1-800-426-6228.

For questions or comments about COMBAT*, call toll free 1-800-426-6228.

APPLICATION INSTRUCTIONS

1. Break COMBAT bait stations apart from plastic frame. Do not remove or puncture label on bait stations. Use all X NUMBER bait stations at the same time for thorough control. -or- Break child-resistant bait feeding stations apart from the frame. Do not remove or puncture label on bait stations. For thorough ant control, use all X NUMBER stations at the same time.
2. Simply place each bait station by ant trails or close to areas where ants are numerous. Inside, COMBAT can be placed in cabinets, next to food and dishes, or anywhere your ant problem occurs. Do not spray the bait stations. -or- For general control of ants outdoors and to prevent them from coming indoors, place a bait station every 15-20 feet around the perimeter of your home. Place additional COMBAT bait stations near cracks or crevices, along sills, or anywhere ants may gain entry indoors. Do not spray insecticide on or around the bait stations.
3. Outside your home, place additional COMBAT bait stations near cracks and crevices, along sills, or anywhere ants may gain entry. -or- Stations may be secured to the ground by pushing the stake through the hole in the corner of the station. The stake may be hammered in place if necessary. The station will be held more securely if the stake is pushed all the way in with the arm across the top of the station.
4. Increased ant activity may be seen near the bait stations for short periods, but you can expect to see less activity within one week. For best results, do not interfere with the ants or the bait stations during its use because ants must carry bait back to the colony to kill the queen and the other ants. -or- Increased ant activity may be seen near the bait stations for short periods, but you can expect to see less activity within one week. For best results, do not interfere with the ants or the bait stations during their use because ants must carry bait back to the nest to kill the queen and the entire colony.
5. [Indoor:] Replace all bait stations after 3 months of use to keep ants from reappearing. -or- [Outdoor:] For continuous control of ants, replace all bait stations after 6 weeks of use.
