For Large Roaches
WATERBUGS & PALMETTO BUGS

COMBAT® ROACH KILLING SYSTEM #1

COMBAT® ROACH KILLING SYSTEM 1

For Large Roaches
WATERBUGS & PALMETTO BUGS

THIS IS HOW COMBAT® ROACH BAIT STATIONS WORK:

- 1** Roaches enter the bait station and eat the bait.
- 2** Roaches return to their nest and die.
- 3** Other roaches eat them and die, creating a chain reaction.

GUARANTEED • COMBAT® BAIT STATIONS CONTAIN A TOTALLY UNIQUE INSECTICIDE INGREDIENT TO KILL ROACHES. TO WORK or your money back! • LABORATORY AND HOME USE TESTS PROVE COMBAT® PROVIDES 3 MONTHS OF EFFECTIVE ROACH CONTROL.

• EASY TO USE-NOTHING TO ACTIVATE • NO VAPOR, FUMES OR ODOR • CHILD-RESISTANT

For more information, call the Combat® Labs Information Helpline at 1-800-426-6228. -or- [For questions or comments, please c] [C]all the Combat® Labs [Information] Helpline at 1-800-426-6228 [for more information].

DIRECTIONS FOR USE

(VEA INSTRUCCIONES EN ESPAÑOL EN LA CAJA)

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

1. Open pouch and separate the bait stations from plastic frame. Do not remove or puncture the label on bait station.
2. For best results, use all 8 [or 12] bait stations at one time.
3. Place at least 6 [or 10] bait stations in the kitchen and 1 [or 2] in each bathroom (food storage and water sources are the most common roach areas). Specific placement areas include under appliances and sinks, on floor along baseboards, near pet food storage and inside cabinets and drawers.
4. Place baits wherever you see roaches; severe roach problems may require 2 boxes or more. The more bait stations placed out, the more roaches find the bait. This means faster and more effective control of your roach problem.
5. Bait stations work best when touching walls or corners. Use enclosed stickers when placing them upside down. It is not necessary to use stickers on all baits.
6. Replace all _____ bait stations every 3 months, or sooner if they return, because roaches have probably eaten all of the bait.

Do not use sprays or foggers around bait stations; they can contaminate bait stations and reduce effectiveness. Bait stations work best on horizontal surfaces touching corners and next to walls. Use enclosed stickers for vertical surfaces.

STORAGE AND DISPOSAL

STORAGE: Store in cool, dry area

DISPOSAL: Wrap used bait stations and put in trash.

PLACEMENT OF COMBAT® BAIT STATIONS

The kitchen, bathroom and other points of entry (garage, basement, attic, doors, windows) are the most important locations.

- or -

The kitchen and bathrooms are the most important locations, but use COMBAT® bait stations wherever roaches have been found (laundry room, garage, bedrooms, attic, living room).

Normal infestation requires 1 box (_____ bait stations). Heavy infestation may require 2 boxes [or more] (_____ bait stations).

FOR LARGE ROACHES, WATERBUGS & PALMETTO BUGS:

This product is specially designed for large roaches, waterbugs & palmetto bugs. Select the right COMBAT® Roach Killing System 1 for your roach problem by using the pictures below to identify which type of pest you have:

Large, 1" to 1-1/2" Cockroach

Habits: Primarily live and breed outdoors and enter homes in search of food. For effective control, bait stations should be put in places where roaches can enter your home.

Small, 1/2" Cockroach

Habits: Primarily live and breed in moist areas like kitchens and bathrooms. For effective control, bait stations should be placed wherever roaches have been seen in your home.

If you have seen both types of cockroach in your home, it is strongly suggested that you purchase both sizes of COMBAT® Roach Killing System 1 for effective roach control.
