ROACH KILLING SYSTEM I

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GENERAL INFORMATION

**For Small Roaches
 -OR-
 For Large Roaches**
**WATERBUGS & PALMETTO BUGS
 KILLS ASIAN ROACHES**

**GUARANTEED TO
 WORK or your
 money back!**

FOR LARGE ROACHES, WATERBUGS & PALMETTO BUGS:

This product is specially designed for large roaches, waterbugs & palmetto bugs. Select the right COMBAT® Roach Killing System 1 for your roach problem by using the pictures below to identify which type of pest you have:

Large, 1" to 1-1/2" Cockroach
 Habits: Primarily live and breed outdoors and enter homes in search of food. For effective control, bait stations should be put in places where roaches can enter your home.

Small, 1/2" Cockroach
 Habits: Primarily live and breed in moist areas like kitchens and bathrooms. For effective control, bait stations should be placed wherever roaches have been seen in your home.

If you have seen both types of cockroach in your home, it is strongly suggested that you purchase both sizes of COMBAT® Roach Killing System 1 for effective roach control.

COMBAT® stands behind this insect killing system with a full Satisfaction Guarantee.
[Should you have any questions regarding Combat®, please call 1-800-426-6228.]

**THIS IS HOW COMBAT® ROACH BAIT STATIONS WORK:
 -or- THIS IS HOW COMBAT STATIONS WORK:**

- 1** Roaches enter the bait station and eat the bait. -or- Roaches enter the bait station.
- 2** Roaches return to their nest and die. -or- Roaches leave the bait station after eating bait inside.
- 3** Other roaches eat them and die, creating a chain reaction. -or- Behind your walls, roaches share bait with more -or- other roaches who also die.

- Combat® Bait Stations contain a totally unique insecticide ingredient to kill roaches
- Laboratory and home use tests prove Combat® provides 3 months of effective roach control
- Easy to use - Nothing to activate
- No vapor, fumes or odor
- Child-resistant

claims for front or back:

for large roaches:

- Controls your roach problem for 3 months.
- A significant reduction in roaches will be apparent within 2 weeks.
- Guaranteed to work or your money back.
- Easy to use; nothing to activate. No vapors or fumes.
- Contains a totally unique insecticide ingredient to kill roaches.
- Faster acting formula.

for small roaches:

- Kills eggs
- Prevents roach reproduction
- Prevents egg hatching
- As The Domino Effect™ spreads through the roach population, most roaches are killed, and still others lose their ability to produce eggs.
- This product's patented action formula kills roaches and eggs
- As The Domino Effect™ spreads through the roach population, roaches that are affected either die or lose their ability to produce eggs
- This product provides complete roach control
- Controls roaches two ways, by killing adults and preventing reproduction in others.
- This product disrupts the reproductive cycle of roaches.
- Depending on the amount of poison ingested, this product works by either killing or sterilizing the roaches.
- Kills roaches and eggs while you sleep.
- Kills roaches and the eggs they carry for 3 months.

General Precautions and Restrictions
Do not remove or puncture the white label on bait station

APPLICATION INSTRUCTIONS

1. Open pouch and separate the bait stations from plastic frame. Do not remove or puncture the label on bait station.
2. For best results, use all 8 [or 12] bait stations at one time.
3. Place at least 6 [or 10] bait stations in the kitchen and 1 [or 2] in each bathroom (food storage and water sources are the most common roach areas). Specific placement areas include under appliances and sinks, on floor along baseboards, near pet food storage, and inside cabinets and drawers.
4. Place baits wherever you see small -or- large roaches; severe roach problems may require 2 boxes or more. The more bait stations placed out, the more roaches find the bait. This means faster and more effective control of your small -or- large roach problem.
5. Bait stations work best when touching walls or corners. Use enclosed stickers when placing them upside down. It is not necessary to use stickers on all baits.
6. Replace all ____ bait stations every 3 months, or sooner if they return, because roaches have probably eaten all of the bait.

Do not use sprays or foggers around bait stations: they can contaminate bait stations and reduce effectiveness. Bait stations work best on horizontal surfaces touching corners and next to walls. Use enclosed stickers for vertical surfaces.

PLACEMENT OF COMBAT® BAIT STATIONS

The kitchen, bathroom and other points of entry (garage, basement, attic, doors, windows) are the most important locations.

- or -

The kitchen and bathrooms are the most important locations, but use COMBAT® bait stations wherever roaches have been found (laundry room, garage, bedrooms, attic, living room).

Normal infestation requires 1 box (____ bait stations). Heavy infestation may require 2 boxes [or more] (____ bait stations).

STORAGE AND DISPOSAL

STORAGE: Store in cool, dry area [out of reach of children].

DISPOSAL: ***If empty:*** Do not reuse this container. Place in trash. ***If partly filled:*** Call your local solid waste agency or toll free number 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
