GENERAL RESTRICTIONS

Do not remove or puncture label on bait stations.

APPLICATION INSTRUCTIONS

1. [Remove wrapper.] [U]se all 6 **-or-** 12 **-or-** 18 baits [at one time]. Break baits apart. Do not remove or puncture [the] label[s] on bait station[s]. [Now the baits are ready to use.]
- 2.[1.] Place baits wherever you see or have seen roaches **-or-** signs of roaches **-or-** where roaches are found. Then place additional baits about 1 ½ feet away. [Put any remaining baits as **-or-** Some of the most likely locations **-or-** [roach] hiding places for roaches are shown in the diagram[s] to the right **-or-** left **-or-** above **-or-** below. [TIP: place baits about 1 ½ feet away from each other.]
3. Put out all 6 **-or-** 12 **-or-** 18 baits. If you have fewer than 6 **-or-** 12 **-or-** 18 places where you have seen roaches, place the extra baits about 1 ½ feet away from the other baits that you have just placed. Roaches find the bait faster when all bait stations **-or-** baits are placed out.
- 4.[2.] Place baits properly so that they are touching walls or corners. [TIP: Place properly. Bait stations **-or-** Baits work best on horizontal surfaces when touching walls or corners. Only use enclosed stickers [as needed] when placing baits on walls or upside down. It is not necessary to use stickers on all baits.]
- 5.[3.] Replace all baits every 3 **-or-** 6 months[*], or sooner if roaches return [because roaches have probably eaten all of the bait inside]. [Need to replace baits since the roaches have probably eaten all the bait inside.]

[TIP:] [Do not use sprays or foggers around bait stations.] [They can contaminate bait stations and reduce effectiveness.] [Use enclosed stickers for vertical surfaces.]
