DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

[APPLICATION INSTRUCTIONS]

1. [Remove wrapper.] [U]se all [2] [4] [6] [8] [12] [18] [24] [30] baits [at one time] [at the same time]. Break baits apart. Do not remove or puncture [the] label[s] on bait station[s]. [Now the baits are ready to use.]
2. Place baits wherever [you see or have seen [roaches] [signs of roaches]] [where roaches are found] [in the following places: under appliances and sinks, on floor along baseboards, near pet food storage and inside cabinets and drawers.]
Then place additional baits about 1½ feet away. [Put any remaining baits as shown in the diagram[s] to the [right] [[left] [above] [below.]] [Some of the most likely [locations for roaches] [roach hiding places] are shown in the diagram[s] to the [right] [left] [above] [below]. [Roaches find the bait faster when all bait stations [baits] are placed out.]
3. Place baits properly so that they are touching walls or corners. [Only use enclosed stickers [as needed] when placing baits on walls or upside down. It is not necessary to use stickers on all baits.] [Do not use sprays or foggers around bait stations.] [They can contaminate bait stations and reduce effectiveness.]
4. Replace all baits every [3] [6 months], or sooner if roaches return [because roaches have probably eaten all of the bait inside]. [Baits will need to be replaced since [because] [the] roaches have probably eaten all the bait inside.]
