UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
WASHINGTON, D.C. 20460

OFFICE OF  
PREVENTION, PESTICIDES  
AND TOXIC SUBSTANCES

September 30, 2010

Ms. Georgia Anastasiou,  
Agent for  
Combat Insect Control Systems  
122 C Street, N.W., Suite 740  
Washington, DC 20001

Subject: **Notification to "Revise labeling per PR Notice 2007-4"**  
Combat Ant Bait F3 (EPA Registration Number: 64240-37)  
Combat ABF5 (EPA Registration Number: 64240-39)  
Date of Application: August 09, 2010

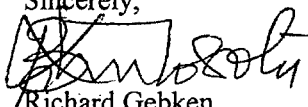

Dear Ms. Anastasiou:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration (PR) Notice 98-10 dated August 09, 2010, for the subject products. The Registration Division (RD), after conducting a review of your requests for its applicability, finds that the actions requested fall within the scope of PR Notice 98-10.

Please note that we have approved the amended labeling for these two products with the understanding that it is consistent with the Agency's previously stamped accepted labels; and other than the above stated, no other changes have been made to the labeling and/or the Confidential Statement of Formula (CSF).

The labels submitted with the applications have been stamped "Notification" and will be placed in our records. If you have any questions regarding this letter, please contact Dr. B. A. Akinlosotu at (703) 605-0653.

Sincerely,

*fw*   
Richard Gebken,  
Product Manager 10  
Insecticide Branch  
Registration Division (7505P)

**PRECAUTIONARY STATEMENTS**  
**Hazards to Humans and Domestic Animals**

**CAUTION:** Wash [hands] thoroughly with soap and water after handling.

**STORAGE AND DISPOSAL:** [Do not contaminate water, food or feed by storage or disposal.] [Do not remove baits from [bait] [station[s].]

**STORAGE:** Store in cool, dry area out of reach of children.

**DISPOSAL: If empty:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If recycling is not available, place in trash. If partially filled: Call your local solid waste agency for disposal instructions.

*Note to Reviewer: Per PR-Notice 2007-4, this product will receive a batch code. The number will be laser-coded on each primary package of the product after the container is sealed.*

**DIRECTIONS FOR USE:**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

*The label may include illustrations of suggested bait station placement sites.*

**GENERAL INFORMATION**

**THIS IS HOW THE COMBAT® ANT BAIT F3 WORKS:**

1. Ants enter bait station and leave after eating – or – feeding on bait inside

- or -

This product will attract foraging worker ants to the bait feeding station. The ants will feed on the bait.

2. Ants carry bait back to colony so that the bait can kill the queen and other ants.

- or -

Worker ants will take some of the bait back to the nest where they pass it on to kill the queen and entire colony.

To prevent ants from coming indoors, place bait station –or – stake every 15 to 20 feet around [the perimeter of] your home.

[For more information, call the Combat® Labs Information Helpline at 1-800-426-6228. – or – [For questions or comments, please call the Combat® Labs [Information] Helpline at 1-800-426-6228 [for more information].

**EFFECTIVENESS GUARANTEE:** COMBAT® stands behind this insect killing system with a full Satisfaction Guarantee. Should you have any questions regarding COMBAT®, please call 1-800-426-6228

EPA Reg. No. 64240-37

Combat Ant Bait F3

Pg 3 of 6

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Use all 6 baits. Break baits apart. Do not remove or puncture label on bait station. Place baits near ant trails or where you frequently see ants. Place additional baits anywhere ants may enter your home.

For best results do not interfere with the ants or the bait stations during use. Do not use sprays on or around the bait stations.

Replace the baits every 3 months to keep ants from returning.

#### *Additional, optional text for DIRECTIONS FOR USE:*

[Note: Do not remove or puncture white label on bait stations.]

1. [Remove wrapper.] Break COMBAT bait stations apart from plastic frame. [Tear along perforation lines.] Do not remove or puncture label on bait stations. [Now the baits are ready to use.] Use all 6 – or – 12 bait stations at the same time for thorough control.

- or -

Break child-resistant bait feeding stations apart from the frame. Do not remove or puncture label on bait stations. For thorough ant control, use all 6 – or – 12 stations at the same time.

- or -

[Remove wrapper and break bait stations apart.] Do not remove or puncture the label on bait station[s]. The baits are now ready to use. Use all [6 – or – 12] [ant] baits at the same time for thorough control.

2. [Simply] place each bait station by – or – near ant trails or close to areas where ants are numerous – or – where you frequently see ants. [Inside,] COMBAT can be placed in cabinets next to dishes, or anywhere your ant problem occurs. **Do not spray the bait stations.** [Sprays will contaminate the baits and reduce their effectiveness.] Place additional COMBAT bait stations near cracks, along sills or anywhere that ants might – or – may enter your home.

- or -

For general control of ants outdoors (adjacent to the home) and to prevent them from coming indoors, place a bait station every 15-20 feet around the perimeter of your home. Place additional COMBAT bait stations near cracks or crevices, along sills, or anywhere ants may gain entry indoors – or – that ants might enter your home. **Do not spray insecticide on or around the bait stations.**

3. Outside [adjacent to] your home, place additional COMBAT bait stations near cracks and crevices, along sills, or anywhere ants may gain entry.

- or -

Secure stations to the ground by pushing the stake through the hole in the corner of the station and into the ground. **TIP:** The bait will be held more securely if the stake is pushed all the way in with the arm of the stake firmly on the lid of the bait station.

2/7

- or -

Stations may be secured to the ground by pushing the stake through the hole in the corner of the station. The stake may be hammered in place if necessary. The station will be held more securely if the stake is pushed all the way in with the arm across the top of the station.

- or -

Increased ant activity may be seen near the bait stations for short periods, but you can expect to see less activity within a day – or – a few days – or – a week. **TIP:** For best results, do not interfere with the ants or the bait stations because ants must carry bait back to the nest to kill the queen and the entire colony.

4. Increased ant activity may be seen near the bait stations for short periods, but you can expect to see less activity within a day – or – a few days – or – a week. **[TIP:]** For best results, do not interfere with the ants or the bait stations because ants must carry bait back to the colony – or – nest to kill – or – destroy the queen and the other ants – or – the entire colony.

- or -

Increased ant activity may be seen near the bait stations for short periods, but you can expect to see less activity within a day. For best results, do not interfere with the ants or the bait stations because ants must carry bait back to the nest to kills the queen and the entire colony.

5. Replace all bait stations after 3 months of [indoor] use to keep ants from reappearing – or – returning.

- or -

For continuous control of ants, replace all bait stations after 6 weeks of use outdoors.

- or -

Do not spray on or around the bait stations. Sprays will contaminate the baits and reduce their effectiveness.

***Claims for front or back:***

- Starts to kill – or – kills ants in 1 day
- Starts to kill – or – kills ants overnight
- See results overnight
- Overnight results
- Kills ants in – or – within hours
- Fast kill in 1 day
- Kills ants quickly
- Quick kill formula
- Fast formula
- Kills [the] queen and [the] [entire] colony
- Kills the ant source
- Kills the ants you see and ones you don't see
- Destroys the queen and colony [nest]

Master Label, August 2010

EPA Reg. No. 64240-37

Combat Ant Bait F3

Pg 5 of 6

- Kills quickly and keeps on killing
- Provides long lasting ant killing power
- Kills ants [without messy residue and] without insecticide odor/fumes
- [This product] kills common household ants, including: Pharaoh Ants, Argentine Ants, [Black Carpenter Ants, Little Black Ants, Cornfield Ants, Odorous House Ants, Pavement Ants and Fire Ants]
- Leaves no residue or odor
- Kills indoor and outdoor ants (adjacent to the home)
- Kills grease and sugar loving ants
- Kills entire [ant] colony
- Kills ants without insecticide odors [fumes]
- Ants carry bait back to the colony so that the bait can kill the queen and other ants so that they don't invade your home.
- Kills ants outdoors (adjacent to the home) before they come indoors so that they don't invade your home
- Kills the entire ant colony [so that they don't invade your home]
- Kills common outdoor ants (adjacent to the home)
- Kills ants outdoors (adjacent to the home) before they come indoors
- For common household ants
- Nothing to Activate
- Odorless
- Child-Resistant
- Easy-to-use
- Kills the Queen and the Entire Colony
- No Insecticide Odor
- Kills Common Ants
- Attracts Worker Ants to the Bait Stations
- No Insecticide Odor [Vapors], Fumes or Mess
- This product contains a totally unique insecticide ingredient which kills most ants commonly found in households – *or* – homes. This product is effective because ants carry bait back to where they live to destroy queen and entire colony. It even kills ants [you don't see] outside (adjacent to) your home to prevent more ants from coming inside.
- This product kills ants which feed on sweet and greasy materials: Fire, Argentine, Black Carpenter, Cornfield Ants, Little Black, Odorous House, and Pavement Ants.
- This product is effective because ants carry bait back to the colony to kill the queen and entire colony. – *or* – Ants carry the bait back to where they live to kill the Queen and entire colony.
- This product is easy to use and has no insecticide odor.
- Child-resistant
