UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number: 64240-39

Date of Issuance: MAY 27 1998

NOTICE OF PESTICIDE:
[X] Registration
Reregistration

Term of Issuance: Unconditional

Name of Pesticide Product: Combat ABF5

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

J. Evelyn Lawson
Regulatory Compliance Specialist
Combat Insect Control Systems
PO Box 493
c/o PS&RC
Pleasanton, CA 94566-0803

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
a. Revise the EPA Registration Number to read, "EPA Reg. No. 64240-39".
b. Correct the Net Contents in U.S. units.
c. Clarify that outdoor ants means outdoor ants that are found next to the home.
d. Clarify that the claim "Improved ant food source -or- feeding" is a comparison to the footnoted product Combat Ant Bait F1.

CONCURRENCES

Table with 7 columns and 3 rows for SYMBOL, SURNAME, and DATE.

2/5

- e. Delete the graphics showing more than one bait station in use and delete the graphic showing a package of 2 six-pack bait stations. Any graphics used on the label may show only one bait station.
 - f. All references to the bait station must be singular.
 - g. The marketing term "new" may be used only for six months after registration or the date the product is first released for shipment.
 - h. Add the following Physical and Chemical Hazards Statement:
Do not place this product in or on electrical equipment due to possibility of a shock hazard.
3. You may not make any claims that the product is packaged in child resistant packaging unless the Agency approves an amendment to this registration.
 4. You may market this product only in units of one bait station containing not more than 0.37 fl. oz. (0.11 ml) unless the Agency approves an amendment to this registration.
 5. You must conduct a storage stability study (guideline 830.6317) and submit product chemistry data on corrosion characteristics (guideline 830.6320).
 6. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

EFFECTIVENESS GUARANTEED:

COMBAT[®] stands behind this insect killing system with full Satisfaction Guarantee. Should you have any questions regarding Combat[®], please call 1-800-426-6228.

Guaranteed to work or your money back!

THIS IS HOW THE THIS PRODUCT WORKS:

1 Ants enter bait station and leave after eating -or- feeding on bait inside.
-or-
This product will attract foraging worker ants to the bait feeding station. The ants will feed on the bait.

2 Ants carry bait back to colony so that it can kill the queen and other ants.
-or-
Worker ants will take some of the bait back to the nest where they pass it on to kill -or- destroy the queen & entire colony.
