Subject: PRIA Label Amendment – Add SARS-CoV-2 claim
Product Name: Soft Scrub with Bleach
EPA Registration Number: 64240-44
Received Date: April 20, 2021
Action Case Number: 00298054

Dear Georgia Anastasiou:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6), you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

Page 2 of 2
EPA Reg. No. 64240-44
Action Case No. 00298054

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Wanda Henson by phone at (703) 308-6345, or via email at henson.wanda@epa.gov

Sincerely,

A handwritten signature in black ink, appearing to read 'D. Fuller', with a long horizontal stroke extending to the right.

KEEP OUT OF REACH OF CHILDREN

WARNING

[Read back panel carefully]
[See back panel for additional precautionary statements.]
[See precautionary statements on back panel.]

Net [Contents] [Weight]: _____

PRECAUTIONARY STATEMENTS: Hazards to Humans (&) (and) Domestic Animals.

WARNING: Causes substantial but temporary eye injury. Do not get in eyes on skin or (on) clothing. May cause skin irritation. For sensitive skin or prolonged use, wear gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or going to the toilet. Remove and wash contaminated clothing before reuse.

First Aid:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes and continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. In either case, call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

Physical & Chemical Hazards: Contains bleach. Avoid contact with clothes, fabric or carpet. Do not use or mix with [other] [household] cleaning products [or other chemicals] as hazardous gases may result.

{Note to Reviewer: Per PR-Notice 2007-4, this product will receive a batch code. The number will be laser-coded or otherwise imprinted on the primary package.}

DIRECTIONS FOR [HOUSEHOLD] USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

SHAKE [THOROUGHLY] BEFORE USE.

To clean: Squeeze directly onto [tough stains] [surface] or onto (a) damp sponge. Rub [to visibly wet all surfaces thoroughly]. Rinse or wipe clean.

To disinfect toilet bowl: Flush. Apply [$\frac{1}{2}$ cup] [4 oz] of product to sides of bowl to kill gram-negative bacteria. Brush to visibly wet all surfaces thoroughly, including under the rim. Let stand 10 minutes before flushing.

To disinfect hard nonporous surfaces: Apply at full strength and leave on 3 minutes [before wiping clean]. For visible soil, pre-clean surface before disinfecting.

To remove stains caused by mold and mildew: Leave on 5 minutes. Rinse or wipe clean. For visible soil, pre-clean surface before applying product.

Close cap after use. [If product will not [release] [dispense], [squeeze bottle sides] [briefly unscrew cap] to allow air into bottle.]

ATTENTION: For use on sinks, tubs, showers, glazed tile, counters, toilets. Prolonged contact on delicate surfaces may cause discoloration. Rinse promptly after standing time. On delicate surfaces that may scratch, like plastic, appliance enamel, sealed fiberglass, sealed cultured marble, and sealed natural stone: Use sparingly; rub gently with a damp sponge, rinse. Do not use on copper, brass, silver, aluminum, wood, painted surfaces, or rubber items. For unfamiliar surfaces, test in a small, inconspicuous area first.

Note to Reviewer:

Below are the Storage & Disposal Statements for Product Distributed Only for Household Residential Use

Storage & Disposal

Store in a cool, well-ventilated area inaccessible to small children and pets. Non-refillable container. Do not re-use or refill this container. Offer for recycling if available or discard in trash.

Note to Reviewer:

Below are the Storage & Disposal Statements for Product Distributed for All Uses Other Than Household Residential Use

Storage & Disposal

Do not contaminate water, food, or feed by storage and disposal

Pesticide Storage: Store in a cool, well-ventilated area inaccessible to small children and pets.

Pesticide Disposal: To avoid wastes, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program.

Container Handling: Non-refillable container. Do not re-use or refill this container. Offer for recycling if available or discard in trash.

Optional Claims for Front or Back Panel

Disinfectancy-related bullets/bursts/sentences:

1. Bleaches out stains & disinfects

**** This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with bloodstream or normally sterile areas of the body; or, (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization of high level disinfection.

Emerging Viral Pathogen Claims

This product qualifies for emerging viral pathogen claims per the EPA's 'Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA-Registered Disinfectant Labels' when used in accordance with the appropriate use directions indicated below.

This product meets the criteria to make claims against emerging pathogen claims from the following viral categories:

- Enveloped viruses
- Large non-Enveloped viruses

<i>For an emerging viral pathogen that is a/an...</i>	<i>...follow the directions for use for the following organisms on the label</i>
Enveloped virus	Rhinovirus Type 39
Large, non-enveloped virus	Rhinovirus Type 39

[Product name] has demonstrated effectiveness against viruses similar to [name of emerging virus] on hard, non-porous surfaces. Therefore, [product name] can be used against [name of emerging virus] when used in accordance with the directions for use against Rhinovirus Type 39 on hard, non-porous surfaces. Refer to the [CDC or OIE] website at [pathogen-specific website address] for additional information.

[Name of illness/outbreak] is caused by [name of emerging virus]. [Product name] kills similar viruses and therefore can be used against [name of emerging virus] when used in accordance with the directions for use against Rhinovirus Type 39 on hard, non-porous surfaces. Refer to the [CDC or OIE] website at [website address] for additional information.
