Georgia Anastasiou
Agent for Combat Insect Control System
Combat Insect Control Systems
c/o Henkel Corporation
Lewis & Harrison, LLC
2461 S. Clark St., Suite 710
Arlington, VA 22202

Subject: Notification per PRN 98-10 – Updating Company Address and Adding Optional Marketing Claims and Graphic
Product Name: COMBAT® QUICK KILL ROACH KILLING GEL
EPA Registration Number: 64240-45
Application Date: April 6, 2023
Case Number: 482217

Dear Georgia Anastasiou:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "NOTIFICATION" and placed in our records.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you have any questions, please contact Christopher Taylor at 202-566-2928 or at taylor.christopher.m@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Walsh", with a stylized flourish at the end.

Michael Walsh
Product Manager 11
Invertebrate & Vertebrate Branch 2
Registration Division
Office of Pesticide Programs

Highlighted text is new.

Product may stain textiles and clothing.

Keep gel away from foods and food contact surfaces.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open, rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-426-6228 for emergency medical treatment information.

PHYSICAL OR CHEMICAL HAZARDS: Do not use this product in or on electrical equipment due to the possibility of a shock hazard.

STORAGE AND DISPOSAL: PESTICIDE STORAGE: Store in a cool, dry area out of reach of children.

CONTAINER HANDLING: If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If recycling is not available, place in trash. If partially filled: Call your local solid waste agency for disposal instructions.

{Note to Reviewer: Per PR-Notice 2007-4, this product will receive a batch code. The batch code will be printed on each syringe.}

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Do not use for control of insects other than those listed on this label.

See the entire label inside this package for complete directions

COMBAT® [*Alternate Brand Name*] may be used as a spot or crack and crevice treatment for the indoor and outdoor (adjacent to homes & structures) control of cockroaches in residential areas.]

Application rate is dependent on level of infestation and species to be controlled. Gel can be applied only as spots or [as a bead] [in a line] [in a strip] in cracks and crevices. The lower application rate should be used for low to moderate infestations or re-treatments, and the higher rate for more severe infestations or where the population occurs in inaccessible areas, such as in walls. Gel placements should be made at or near areas of roach traffic and suspected nesting areas, such as corners, cracks and crevices. Numerous smaller placements will provide faster control than fewer larger spots, especially for German cockroach control.

[This chart is optional]

LEVEL OF INFESTATION OR SPECIES	APPLICATION RATE (PER SQ. YD.)
MODERATE INFESTATIONS OR RE-TREATS FOR GERMAN OR BROWN-BANDED ROACHES	1 - 2 SPOTS (DIME-SIZED) OR 1½" - 3" BEAD (LINE/STRIP)
SEVERE OR HEAVY INFESTATIONS FOR GERMAN OR BROWN-BANDED ROACHES	2 - 4 SPOTS (DIME-SIZED) OR 3" - 6" BEAD (LINE/STRIP)
LARGE ROACHES SUCH AS AMERICAN, SMOKEY-BROWN OR ORIENTAL	

Do not apply gel to areas that have recently been sprayed with insecticide, and do not spray insecticide over gel as it may cause the bait to become repellent. Do not apply gel to surfaces where food is handled or prepared. Do not contaminate food or utensils with gel.

FOR INDOOR USE:

1. To apply gel: Remove cap from tip, touch tip to surface and depress plunger. Gel can be applied only as spots or [as a bead] [in a line] [in a strip] along cracks or crevices. For first application, apply gel in 4 dime-sized spots or several 1½ to 6-inch [beads] [lines] [strips] per square yard. Recap tube after use.
2. Place many spots or dabs of gel near areas of roach traffic and suspected nesting areas. Gel can be placed in cracks, crevices, corners and spots where roaches occur.
3. Inspect gel after one month and reapply if [it is] no longer visible. Refresh with a new application after 3 months. Gel cleans up with a damp paper towel. Discard towel after use.

FOR OUTDOOR USE (adjacent to home or structure): Place gel in areas adjacent to structures where roaches may nest or breed. Apply gel to places where roaches may enter your home, such as eaves, sills and expansion joints. Apply gel in protected areas whenever possible, as direct sunlight and water will reduce the residual effectiveness. Inspect gel after one month and reapply if no longer visible. Refresh with a new application after 3 months.

Note: ***Bold, Italicized text is information for the reader and is not part of the label.***
[Bracketed information is optional text.]
Highlighted text is new.

Optional Label Claims:

1. Easy to use
2. No vapors or fumes
3. For hard-to-reach places such as cracks and crevices
4. Fast control of even large roaches
5. Long residual action
6. Ideal for use with COMBAT® bait stations
7. Guaranteed to work or your money back
8. Starts working in hours
9. [COMBAT®] [***Alternate Brand Name***] kills [roaches] fast
10. Roaches eat the gel and die in the nest
11. COMBAT® [***Alternate Brand Name***] has a specific combination of roach food attractants and a fast-acting active ingredient to create a highly effective tool in the fight against roaches
12. [THIS IS] [HOW] [THIS] [COMBAT® [***Alternate Brand Name***] WORKS]
13. The gel attracts roaches in search of food and water to the bait
14. Roaches ingest the bait and return to die in their nest
15. Advanced [food] formula*
*versus previous [Combat] gel formula
16. [COMBAT®] [***Alternate Brand Name***] [Kill][s] [Get][s] [to] [the nest] [,] [the source of] [the] [your] [roach] problem]
17. [COMBAT®] [***Alternate Brand Name***] [Kill][s] [Stop][s] [Eliminate][s] [Destroy][s] roaches where they [hide] [breed] [live] [nest]
18. [COMBAT®] [***Alternate Brand Name***] [Kill][s] [Stop][s] [Eliminate][s] [Destroy][s] roaches you [see[don't see]
19. [COMBAT®] [***Alternate Brand Name***] [Kill][s] [Stop][s] [Eliminate][s] [Destroy][s] roaches [where] [you] can't see [them]
20. [COMBAT®] [***Alternate Brand Name***] [Kill][s] [Stop][s] [Eliminate][s] [Destroy][s] roaches you see and [those] [the ones] you don't [see]
21. [COMBAT®] [***Alternate Brand Name***] [Kill][s] [Stop][s] [Eliminate][s] [Destroy][s] [the roach] [roaches at the] source
22. [COMBAT®] [***Alternate Brand Name***] [Kill][s] [Stop][s] [Eliminate][s] [Destroy][s] [roaches in the nest] [the roach nest]
23. [COMBAT®] [***Alternate Brand Name***] Lets roaches [Kill] [Stop] [Eliminate] [Destroy] [other] roaches
24. Roaches [take] [share] [it] [COMBAT®] ['s ingredients] [the] [insecticide] [gel] [back to] [back at] [with] [in] the nest
25. Roaches share the [insecticide] [gel] [where they breed] [where they nest] [in the nest][,] [killing other roaches] [and] [destroying the nest]
26. Roaches share the [insecticide] [gel] [where they breed] [where they nest] [in the nest][,] [killing other roaches] [and] [destroying [the] [local] [your] [roach] population]
27. Roaches eat the [insecticide] [gel] and die in the nest
28. Roaches are attracted to the [insecticide] [gel] and take it back to their nest
29. Roaches ingest the [insecticide] [gel] and return to die in their nest
30. [Fast acting] formula [that] quickly kills roaches [in the nest]
31. Kills quickly and keeps on killing [roaches] [back at the nest]

Note: ***Bold, Italicized text is information for the reader and is not part of the label.***

[Bracketed information is optional text.]

Highlighted text is new.

32. Kills roaches [at their source] [in the nest]
33. [Destroy(s)] [kill(s)] the nest
34. Prevents roach reproduction
35. As [The] [Domino Effect™] [insecticide] [bait] [gel] spreads through the roach population, [most] roaches are killed [, and [still] others lose their ability to reproduce]
36. This product[’s patented action formula] kills roaches
37. This product disrupts the reproductive cycle of roaches
38. Kills roaches while you sleep
39. [Kills] [Stops] [Eliminates] [indoor and outdoor (adjacent to the home)] roaches
40. [Kills] [Stops] large roaches outdoors (adjacent to the home) before they come indoors [so that they don’t] [and] [invade your home]
41. [Indoor] and] Outdoor (adjacent to the home) [roach]
42. [Ideal for] use with COMBAT® [***another Combat product name***]
43. [COMBAT®] [***Alternate Brand Name***] [is] [Ideal] [for] use [in combination] with [other] COMBAT® roach bait [station][s] products [for maximum control]
44. ROACH
45. [Works] for [even] severe infestations
46. Starts working as soon as roaches feed on bait
47. Starts killing overnight
48. Kills roaches 24/7 for up to 3 months
49. Kills quickly [and keeps on killing] [[for] up to 3 months]
50. [Kills] [Starts Killing] in hours – up to 3 months
51. Kills [non-stop] [for] up to 3 months
52. Kills fast – up to 3 months
53. Kills in hours, [Non-stop] [for] up to 3 months
54. [Fast Acting] [and] [effective] killing [[for] up to 3 months]
55. Kills [with][in] 24 hours [and [for] [Lasts] up to 3 months]
56. Kill the ones you see and the ones you don’t [see]
57. Kill[s] [the] [entire] nest
58. [Your] Secret weapon [against roaches]
59. [Kills/For] Large and/or/+ Small Roaches
