Subject: Notification – Correcting Typographical Error in the Storage and Disposal Box
EPA Registration Number: 64240-46
Product Name: Combat Streamlined Roach Bait
Submission Date: March 4, 2014
Decision Number: 488993

Dear Ms. Anastasiou:

The Agency is in receipt of your Application for Pesticide Notification dated March 4, 2014 for 64240-46. The Registration Division has conducted a review of this request for its applicability under the Pesticide Registration Notice (PRN) 98-10. The Agency finds that the action requested does fall within the scope of the PRN because it is a correction of a typographical error where the word “water” is being replaced with “waste” in the Storage and Disposal box. The corrected statement now reads “If partially filled: Call your local solid waste agency for disposal instructions.”

Please note that PRNs are provided as guidance they are not considered regulation by the Agency, and that the Registration Division reserves the right to make the determination of acceptability. **The Registration Division has determined that this action is acceptable**, and our records have been updated accordingly.

If you have any questions, please contact me via email at “walsh.michael@epa.gov” or by telephone at 703-308-2972.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Walsh".
