DIRECTIONS FOR USE, continued

{Note to Reviewer: This statement will appear on the outside container label when Step #1 of the Directions for Use (below) omits the language "Do not remove or puncture the label on bait stations":}

[GENERAL RESTRICTIONS

Do not remove or puncture label on bait stations.]

APPLICATION INSTRUCTIONS

1. [Remove wrapper.] [U]se all [2] [4] [6] [8] [12] [18] [24] [30] baits [at one time]. Break baits apart. Do not remove or puncture [the] label[s] on [the] bait station[s]. [Now the baits are ready to use.]
- 2.[1.] Place baits wherever you see or have seen roaches in the following places: [**see list*] -or- signs of roaches in the following places: [**see list*] -or- where roaches are found in the following places: [**see list*]. Then place additional baits about 1 ½ feet away. [Put any remaining baits as] -or- [Some of the most likely locations] -or- [Roach hiding places] [Hiding places for roaches] are shown in the diagram[s] to the right -or- left -or- above -or- below.
3. Put out all baits. If you have fewer than [2] [4] [6] [8] [12] [18] [24] [30] places where you have seen roaches, place the extra baits about 1 ½ feet away from the other baits that you have just placed. Roaches find the bait faster when all bait stations -or- baits are placed out.
- 4.[2.] Place baits properly so that they are touching walls or corners.
- 5.[3.] Replace all [2] [4] [6] [8] [12] [18] [24] [30] baits every [3] [6] months, or sooner if roaches return [because roaches have probably eaten all of the bait inside]. [Baits will need to be replaced since [because] [the] roaches have probably eaten all the bait inside.]

[Do not use sprays or foggers around bait stations.] [They can contaminate bait stations and reduce effectiveness.] [Use enclosed stickers for vertical surfaces.]
