U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
Ariel Rios Building
1200 Pennsylvania Ave., NW
Washington, D.C. 20460

EPA Reg. Number:

64240-48

Date of Issuance:

OCT - 9 2008

NOTICE OF PESTICIDE:

[X] Registration
[] Reregistration
(under FIFRA, as amended)

Term of Issuance: conditional

Name of Pesticide Product:

Combat Quick Kill Ant Killing Gel Bait Station

Name and Address of Registrant (include ZIP Code):

Combat Insect Control Systems
c/o Lewis and Harrison, Agent
122 C Street NW, Suite 740
Washington, DC 20001

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered provided you make the label changes listed below. Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c)(2)(B).

- 1. Make the following label changes:
Change the EPA Reg. No. to 64240-48.

Because the bait is not packaged in child resistant packaging, revise Precautionary statements and the First Aid statements in accordance with the attached Tox review.

Delete the following claims:
Leaves no odor
Odorless
No [insecticide] odor vapor fumes

Signature of Approving Official:

[Handwritten Signature]
Richard Gebken
Product Manager 10
Insecticide Branch
Registration Division (7505P)

Date:

OCT - 9 2008

As set forth in the attached efficacy review, the front panel of the label must specifically exclude carpenter, fire, pharaoh and harvester ants. Delete all other claims to control carpenter and, pharaoh ants.

In accordance with the attached efficacy review, the label must provide an application rate.

As set forth in the attached efficacy review, remove or revise the claims as set forth below:

1. ~~[Kills Ants & the Colony][Destroys Queen and Colony] ANT [Para Homiga];~~
2. ~~Unique(!) [Bait Station] [Design][!]~~
3. ~~{The same combat ant gel you know} Now available in [durable] bait station form~~
4. ~~First specially formulated ant gel in a bait station~~
5. ~~First ant gel in bait station form~~
6. ~~First ant gel in a bait station~~
7. ~~Unique ant formula~~
8. ~~Preferred food form for ants~~
9. ~~Kills ants at the source~~
10. ~~[Kills][Stops] ants before they enter your home~~
11. ~~Protects your family from ant invasions~~
12. ~~This product is effective because ants carry bait back [to where they live][to the nest][to the colony] to [destroy][stop][kill][the] queen [and entire colony]~~
13. ~~Kill one, destroy them all~~
14. ~~Destroy one, kill them all~~
15. ~~Elimination [Control] in as little as within 3-5 days~~
16. ~~Works in as little as within hours and up to 1 month~~
17. ~~Provides long lasting [ant][nest] control~~
18. ~~Long term control of [ants][nest]~~
19. ~~Keeps ants away [for weeks][a month][for up to 1 month]~~
20. ~~This product contains fipronil [an effective insecticide] ingredient which [kills][stops][most] ants commonly found in [households][homes]~~
21. ~~Contains dual food source of [ant] food [and][&] water~~
22. ~~Mimics ant's natural food~~
23. ~~Ant attractive formula~~
24. ~~Ants prefer gel[s] to solid[s] bait[s] [food]~~
25. ~~Preferred by ants to the food in your cabinets~~
26. ~~[Defend[s]] [Protect[s]] the perimeter of your home from ants~~
27. ~~Outdoor (adjacent to the home) ant [barrier][protection][defender]~~

The following comparative claims are acceptable only if revised to compare specifically to Combat products:

- 25% ¼ more free
- 33% 1/3 more free
- 50% ½ more free
- 100% more free
- 25% 33% 50% 100% More Baits
- More Baits – Better Value
- Value pack – More Baits.

Delete “for best results” as it detracts from the directions for use.

Delete the following, as it is not clear to what the label statement refers:
This package insert should be in possession of user applicator.

Delete "such as" from list of sites and "pest" from the ant claims, as this may permit misuse.

Delete the following claims which detract from the directions for use:
Your family can enjoy your yard patio deck porch without ants.
Take back your yard patio deck porch backyard from the ants.

Add to the Directions for use the following:
Place bait stations out of reach of pets.

Submit two copies of the revised final printed label for the record. A stamped copy of the label is enclosed for your records.

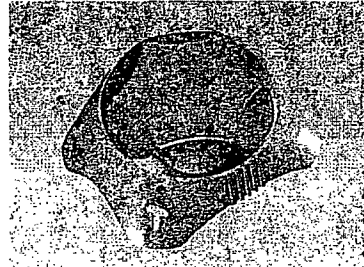

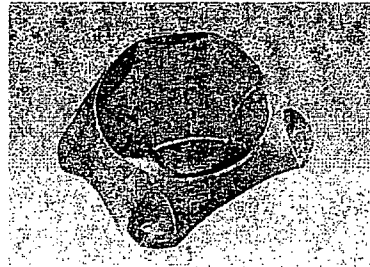

2. The basic and alternate confidential statements of formula (CSFs) dated 9/26/08 are acceptable and supersede previous basic and alternate CSFs.

3. Child Resistant Packaging is not required for this registration provided the products are sold in the package sizes set forth in the application for registration. Any change in package size must be submitted as an amendment, not as a notification.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GENERAL INFORMATION

This product provides FAST CONTROL of Ants in 3-5 days.

This product is formulated to effectively control Ants. That's because this product contains Fipronil, a fast-acting active ingredient. Its speed is still slow enough, however, for foraging ants to return to the colony and feed the bait to larvae and queen[s] so that the entire colony is killed through the Domino Effect™.

[This is] How [This Product] [Combat®] [Quick Kill Ant Killing Gel Bait Station] (*or Alternate Brand Name*) Works:

1. Ants enter bait station and leave after [eating] [feeding on] bait inside.

- or -

This product will attract foraging [worker] ants to the bait feeding station. The ants will feed on the bait.

2. Ants carry bait back to colony so that it can kill the queen and other ants.

- or -

Worker ants will take some of the bait back to the nest where they pass it on to [kill] [destroy] the queen and entire colony.

The label may include illustrations of suggested placement sites.

- [For best results] [d]Do not interfere with the ants or bait stations during use.
- Replace [bait stations] if ants return.
- Do not use sprays on or around the [product] [stations].
- [Do not use strong cleaners around bait placements]
- Do not remove [or puncture] label on the [bait station[s]].

[This package [insert] should be in possession of [user.][applicator.]

7
11

DIRECTIONS FOR USE (continued)

For indoor use:

1. Inspect for ants. Place bait stations near [an] ant trail[s] or where [you frequently see ants] [ants may enter your home]; near cracks, crevices, [and] along sill[.] [and in areas such as under and behind kitchen appliances, along baseboards, under sinks, in pantry, around pipes and water heater and in the garage and attic.]

[NOTE:] [Do not place bait stations in areas which have been recently sprayed with insecticide or contaminated with foggers, and do not spray insecticide over bait stations as this may cause the bait to become repellant.]

2. Place the bait station on a horizontal surface. While holding the bait station securely, activate the bait station by rotating [turning] the closure [1/4 -or- one quarter] [1/2 -or- one half] turn [counter-clockwise] [in the direction of the arrow] [to break the seal].

-or-

While holding the bait station securely, activate the bait station by rotating [turning] the closure [counter-clockwise] [in the direction of the arrow] until the [marks] [arrows] [indicators] line up[, indicating that the seal has been broken].

This opens the entrance holes in the bait station to allow ants access to the bait.

[In more open areas, such as walls and floors, inside cabinets, and near food, also use Combat Quick Kill Formula 3 baits for maximum ant control]

For outdoor use (adjacent to the home):

1. Place bait station on the ground near [an] ant trail[s] or where you [frequently see ants -or- where [you have seen] ants [are entering] [may enter] your home; near cracks, crevices, [and] doors [openings in the foundation] [,] [and] [along sills].
2. Place the bait station on a horizontal surface. While holding the bait station securely, activate the bait station by rotating [turning] the closure [counter-clockwise] [in the direction of the arrow] until the [marks] [arrows] [indicators] line up[, indicating that the seal has been broken]. This opens the entrance holes in the bait station to allow ants access to the bait.

To use the optional stake[s]: Once the station has been activated, place [the] stake[s] through the [stake] opening[s] [hole[s]] on the [side[s]] [corner[s]] of [the] [bait] station and push down on stake[s] to insert [it] [them] into the ground.

[You will notice fewer ants in days] [Pest population reduction will be apparent within a week]

Claims for front or back panel of label

Secondary Kill Claims

- [Kills] [Stops] [Eliminates] [the] queen and [the] [entire] colony
- [Kills] [Stops] [Eliminates] [the ant source] [the ants you see and ones you don't see] [entire [ant] colony]
- [Kills] [Destroys] the [queen and] [ant] colony [nest]
- Ants carry [Combat] [bait] [ingredients] back to the colony to stop [kill] the queen [and other ants] [so they don't invade your home [kitchen]]
- [Kills] [Stops] ants where they [live] [nest]
- [Kills] [Stops] ants before they enter your home
- Protects your family from ant invasions
- [Worker] Ants take [it] [Combat][']s ingredients] back to the [nest] [queen]
- This product is effective because ants carry bait back [to where they live] [to the nest] [to the colony] to [destroy] [stop] [kill] [the] queen [and entire colony]
- Kill one, destroy them all
- Destroy one, kill them all

Duration/Prevention Claims

- Elimination [Control] within 3-5- days
- Works within hours and up to 1 month
- Visible results overnight
- Starts killing [Ants] in hours
- Fast acting formula that quickly kills Ants
- Kills ant continuously
- Kills non-stop
- [Ongoing] Non-stop] ant control
- Kills quickly and keeps on killing [ants] [back at the nest]
- Provides long lasting [ant] [nest] control
- Long term control of [ants] [nest]
- Keeps ants away [for weeks] [a month] [for up to 1 month]
- Keeps [killing] [working] until [it's] [the bait is] gone

Claims for front or back panel of label

Attributes

- This product is effective because ants carry bait back [to where they live] [to the colony] [the colony] to [destroy] [stop] [kill] [the] queen [and entire colony].
- [Kills] [Stops] [Eliminates] ants [without messy residue and] without insecticide odors [and] [or] [fumes]
- Works [without messy residue and] without insecticide odors [or fumes]
- [This [product] is] easy to use [and has no insecticide odor]
- Leaves no residue or odor
- Odorless
- No insecticide odor
- No [insecticide] odor[,] [vapor[,] [fumes] [or] mess
- [Kills] [Stops] [Eliminates] indoor and outdoor (adjacent to the home) ants
- [Kills] [Stops] ants outdoors (adjacent to the home) before they come indoors [so that they don't invade your home]
- This product contains fipronil [an effective insecticide] ingredient which [kills] [stops] [most] ants commonly found in [households] [homes].
- It even kills ants [you don't see] [outside (adjacent to the home)] [to prevent more ants from coming inside]
- Outdoor (adjacent to the home) [ant] [pest] control
- Easy-to-use [Easy to use]
- Food [&][and][+] water [formulation] attracts worker ants to the bait [stations]
- Contains dual food source of [ant] food [and][&] water
- Mimics ants' natural food
- Ant-attractive formula
- Ants prefer gel[s] to solid[s] [bait][s] [food]
- Preferred by ants to the food in your cabinets
- What ants are looking for
- [Your family can] Enjoy your [yard] [patio] [deck] [porch] without ants
- Take back your [yard] [patio] [deck] [porch] [backyard] from the ants
- [Defend[s]] [Protect[s]] the perimeter of your home from ants
- Outdoor (adjacent to the home) ant [barrier] [protection] [defender]
