UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

MAR 31 2010

Ms. Georgia Anastasiou
Combat Insect Control Systems
c/o Henkel Consumer Goods Inc.
19001 N. Scottsdale Rd.
Scottsdale, AZ 85225

Subject: Label Notification(s) for Pesticide Registration Notice 2007-4

Dear Ms. Anastasiou:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice PRN 2007-4 dated March 1, 2010 for the following product(s):

- Combat Ant Bait F1 (EPA Reg. No. 64240-30)**
- Combat Large Roach Bait F.03 (EPA Reg. No. 64240-34)**
- Combat ABF7 (EPA Reg. No. 64240-42)**
- Combat Quick Kill Roach Killer Gel (EPA Reg. No. 64240-45)**
- Combat QK Roach Killing Gel F45 (EPA Reg. No. 64240-63)**

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-98-10. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Regina Foushee'-Smith at 703-605-0780.

Sincerely,

Richard J. Gebken
Product Manager

**SUBJECT: Combat Insect Control Systems
Notification per PR Notice 2007-4 for the following products
Combat Ant Bait F1 (EPA Reg. No. 64240-30)
Combat Large Roach Bait F.03 (EPA Reg. No. 64240-34)
Combat ABF7 (EPA Reg. No. 64240-42)
Combat Quick Kill Roach Killing Gel (EPA Reg. No. 64240-45)
Combat QK Roach Killing Gel F45 (EPA Reg. No. 64240-63)**

Dear Mr. Gebken:

On behalf of Combat Insect Control Systems, I am submitting notifications for the products listed above. The purpose of this submission is to update the storage and disposal section in accordance with PR Notice 2007-4.

To support the notifications, enclosed please find the following documents for each product:

1. Application for Pesticide which includes the PR Notice 2007-4 certification;
2. One (1) copy of the label with changes highlighted; and,
3. Two (2) copies of the label.

If you have any questions and/or comments about the enclosed submission, please feel free contact me by phone at 202-393-3903 (ext. 19) or by email at georgia@lewisharrison.com.

Sincerely,

Georgia Anastasiou

Product may stain textiles and clothing.

**PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

FIRST AID: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open, rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

PHYSICAL OR CHEMICAL HAZARDS: Do not use this product in or on electrical equipment due to the possibility of a shock hazard.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool, dry area out of reach of children.

DISPOSAL: If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If recycling is not available, place in trash. If partially filled: Call your local solid waste agency [or toll free number] for disposal instructions. Never place unused product down any indoor or outdoor drain.

If you have questions regarding the use of this product, please call the Combat® helpline at 1-800-426-6228 for information.

For front or back or side panel:

{*Note to Reviewer: Per PR-Notice 2007-4, this product will receive a batch code. The number will be laser-coded on each primary package of the product after the container is sealed.*}

Note: Bold, Italicized text is information for the reader and is not part of the label.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.
Do not use for control of insects other than those listed on this label.

Use COMBAT® [QK Roach Killing Gel F45] [*Alternate Brand Name*] as a spot or crack and crevice treatment for the indoor and outdoor (adjacent to homes) control of cockroaches in residential areas.

Use Restrictions: Keep gel away from foods and food contact surfaces. Do not apply gel to surfaces where food is handled or prepared. Do not contaminate food or utensils with gel.

GENERAL DIRECTIONS:

Application rate is dependent on level of infestation and species to be controlled. Gel can be applied only as spots or as a bead [-*or*- in a line -*or*- in a strip] in cracks and crevices. The lower application rate should be used for low to moderate infestations or re-treatments, and the higher rate for more severe infestations or where the population occurs in inaccessible areas, such as in walls. Make gel placements at the following areas where roaches have been seen: corners, cracks and crevices. Numerous smaller placements will provide faster control than fewer larger spots, especially for German cockroach control.

[This chart is optional]

LEVEL OF INFESTATION OR SPECIES	APPLICATION RATE (PER SQ. YD.)
MODERATE INFESTATIONS OR RE-TREATS FOR GERMAN OR BROWN-BANDED ROACHES	1 - 2 SPOTS (DIME-SIZED) OR 1½" - 3" BEAD (LINE/STRIP)
SEVERE OR HEAVY INFESTATIONS FOR GERMAN OR BROWN-BANDED ROACHES	2 - 4 SPOTS (DIME-SIZED) OR 3" - 6" BEAD (LINE/STRIP)
LARGE ROACHES SUCH AS AMERICAN, SMOKEY-BROWN OR ORIENTAL	

Do not apply gel to areas that have recently been sprayed with insecticide, and do not spray insecticide over gel as it may cause the bait to become repellent. Do not apply gel to surfaces where food is handled or prepared. Do not contaminate food or utensils with gel.

FOR INDOOR USE:

1. To apply gel: Remove cap from tip, touch tip to surface and depress plunger. Gel can be applied only as spots or in a bead [-*or*- line -*or*- strip] along cracks or crevices. For first application, apply gel in 4 dime-sized spots or several 1½ to 6-inch beads [-*or*- lines -*or*- strips] per square yard. Recap tube after use.
2. Place many spots or dabs of gel near areas of roach traffic and suspected nesting areas. Place gel in cracks, crevices, corners and spots where roaches have been seen.
3. Inspect gel after one month and reapply if no longer visible. Refresh with a new application after 3 months. Gel cleans up with a damp paper towel. Discard towel after use.

EPA Reg. No. 64240-63
Combat QK Roach Killing Gel F45, Page 4 of 6
Master Label March, 2010 (S&D Revisions)

FOR OUTDOOR USE (adjacent to home or structure): Place gel in areas adjacent to structures where roaches may nest or breed. Apply gel to places where roaches may enter your home, such as eaves, sills and expansion joints. Apply gel in protected areas whenever possible, as direct sunlight and water will reduce the residual effectiveness. Inspect gel after one month and reapply if no longer visible. Refresh with a new application after 3 months.
