MAXFORCE Ant Killer Granular Bait 0.65%

The MAXFORCE Ant Killer Granular Bait 0.65% bulk container may be used on the job site or to refill the MAXFORCE Ant Killer Granular Bait 0.65% 10 oz service container. The bulk container will refill approximately 10 service containers. Reuse only those service containers with current and legible labels.

DIRECTIONS FOR USE It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- 1. AROUND STRUCTURES:** Lightly sprinkle 4-8 ounces of MAXFORCE Ant Killer Granular Bait 0.65% evenly in a band approximately 1-2 feet wide adjacent to the foundation of an average size home (200-400 linear feet). Also, be sure to treat areas such as porches, patios, driveways, sidewalks, flower gardens, and around trees, wood piles, dumpsters, and loading docks. Treat visible ant trails as well as cracks or crevices where ants may enter structure.
- 2. BROADCAST APPLICATION:** Broadcast MAXFORCE Ant Killer Granular Bait 0.65% uniformly at a rate of up to 1 oz per 1800 square feet.
- 3. FIRE ANTS AND OTHER MOUND BUILDING ANTS:** Sprinkle approximately two tablespoons (1 oz) of bait around each mound. For best results, do not apply bait directly in or on the mound. Do not disturb the mound. Ants that are agitated may not feed on the bait.

Not for use in USDA meat and poultry plants.

EPA Reg. No. 64248-XX

EPA Est. No. 39578-TX-01

U.S. Patent Nos.

MAXFORCE Ant Killer Granular Bait 0.65% is a ready-to-use product for use outdoors around buildings, on lawns [turf and other non-crop areas, such as parks and golf courses.]* This patented formula of MAXFORCE Ant Killer Granular Bait 0.65% contains a special blend of foods, combined with the delayed action stomach poison hydramethylnon. The delayed action of the active ingredient allows foraging ants to bring the bait back to the nest so that the entire colony, including the queen, is destroyed. When properly used, this bait will control many common structure-invading ants before they can enter a building. Do not apply other insecticides (such as aerosols, sprays, etc.) on top of or in close proximity to MAXFORCE Ant Killer Granular Bait 0.65%, as it will reduce the effectiveness. You should expect to see fewer ants within a week.

STORAGE AND DISPOSAL: Store in a cool, dry, secure place. Keep container closed when not in use. Avoid contamination from other insecticides. Do not contaminate water, food or feed by storage or disposal. Do not reuse empty container for any use other than MAXFORCE Ant Killer Granular Bait 0.65%. Wrap empty container and place in trash can.

PRECAUTIONARY STATEMENTS:

CAUTION: HAZARDS TO HUMANS: May be harmful if swallowed. Avoid contact with skin or eyes. Applicator should wear gloves and wash hands thoroughly after handling.

STATEMENT OF PRACTICAL TREATMENT: If swallowed, drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention. For more information, call 1-800-426-6228.

HAZARDS TO ANIMALS: Store in a secure place. Pets may be attracted to this product. Keep pets away from treated areas for at least 24 hours after application.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning equipment or disposal of equipment in washwaters.

* Bracketed uses not registered in the state of California.
