Mr. Thomas J. Kling
Bio-Environmental Products Corp.
814 24th St. N.E.
Canton, OH 44714

Dear Mr. Kling:

Subject: Amendment - Addition of Fogger Application
BEP Insecticide
EPA Registration Number 64321-1
Your Letter Dated March 21, 1995

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling.

1. On all labeling delete the following word and/or phrases "Creeping", "a wide variety of creeping..." and "creepy". Non-specific or vague terminology is not acceptable.
2. Delete the word "only" from the statements For Commercial/Agricultural/Residential Use.
3. We assume the product labeled for residential use will be sold with a spray trigger attachment allowing it to be applied directly from the original container. See comment 1(c) of our October 24, 1991 letter and confirm.

Submit two copies of your final printed labeling before you release the product for shipment. A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

George T. LaRocca
Product Manager 13
Insecticide-Rodenticide Branch
Registration Division (7505C)

Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

64321-1

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

INDOOR APPLICATION

Do not use in food/feed areas of food /feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where prepared foods are served such as dining rooms but excluding areas where food may be prepared or held. The product may be used in non-food/feed areas of food/feed establishments such as garbage rooms, lavatories, floor drains (to sewer entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage areas (after canning or bottling).

In the home, cover all food handling surfaces, cover or remove all food and cooking utensils or wash thoroughly after treatment.

Not for Use in USDA Meat and Poultry Plants.

Do not apply to classrooms while in use.

SURFACE SPRAYING

Provides control of creeping, crawling and flying household insect pests for up to 4 weeks.

To control Cockroaches, Waterbugs, Palmetto Bugs, Scorpions, Millipedes, Centipedes, Sowbugs, Pillbugs, Ants, Silverfish, Firebrats, Spiders, Crickets, Cigarette Beetles, Clover Mites, Cheese Mites, Granary Weevils, Rice Weevils, Confused Flour Beetles, Rust Red Flour Beetles, Drugstore Beetles, Meal Worms, Grain Mites and Cadellles: Direct the spray into hiding places, cracks and crevices, and behind shelves and drawers. For Silverfish, spray bookcases; for Ants, spray trails, nests and points of entry.

To control Carpet Beetles: Spray edges of carpeting and under carpeting and rugs. Make localized application to floor and under baseboards. Spray directly into cracks, crevices and infested areas of shelving. Repeat treatment as needed.

4 8 7

BEP Insecticide Master Label
Page 3 of 6

To control Bedbugs: Also spray mattresses lightly, particularly around tufts and seams. Take beds apart and spray in all joints. Allow all sprayed articles to dry thoroughly before use.

To control Fleas (adult and larvae) and ticks (adult and nymphs): Remove and thoroughly clean or destroy pet bedding. Spray pet sleeping quarters, beds, entire floor and floor covering with special attention to cracks and crevices around baseboards, and window and door frames. Infested upholstered furniture may also be treated with this product. Make a test application to upholstery or drapery fabrics in an inconspicuous place before use. Allow to dry thoroughly before allowing pets to contact treatment areas.

To control Clothes Moths: Remove and brush thoroughly any infested articles from storage and air for several hours in sunlight, if possible. Apply spray liberally to empty chests, closets, bureaus and other storage areas directing the spray into cracks, joints and crevices. After airing, infested articles may be treated lightly by keeping nozzle at least 3 feet from fabric to avoid possible staining. Allow all sprayed articles to dry thoroughly before use.

To kill Lice and Louse Eggs: Spray in an inconspicuous area to test for possible staining or discoloration. Inspect again after drying, then proceed to spray entire area to be treated. Spray from a distance of 8 to 10 inches. Treat only those garments and parts of bedding, including mattresses and furniture that cannot be either laundered or dry cleaned. Allow all treated articles to dry thoroughly before use.

INDUSTRIAL WAREHOUSE FOGGING

For area control of creeping, crawling and flying insect pests for up to 4 weeks.

To control Spiders, Millipedes, Centipedes, Sowbugs, Pillbugs, Ants, Firebrates, Cigarette Beetles, Cheese Mites, Granary Weevils, Rice Weevils, Confused Flour Beetles, Rust Red Flour Beetles, Meal Worms, Indian Meal Moths, Corianders, Grain Beetles, Tobacco Beetles, Grain Mites and Cadellles, Fog area at the rate of 1 ounce per thousand cubic feet. Fogged area should be cleared of all personnel and pets while fogging is taking place and remain closed off for a period of 2 hours before reentry. This product is to be used solely for warehouse space used to store non-food/feed materials.

4

OUTDOOR APPLICATIONS

FOR CONTROL OF GARDEN INSECTS

For use on roses, dahlias, asters and other ornamentals to kill Japanese Beetles as well as Whiteflies, Aphids, Lace Bugs, Ants, exposed Thrips, Spiders, Red Mites and Leafminers. May be used on plants in small gardens as a multi-purpose spray and for spot treatments of incipient insect infestations to prevent spreading into larger garden areas.

When spraying plants, do not hold nozzle closer than 18 inches. Use a sweeping motion. Be cautious about wetting tender foliage, young plants and new growth. Do not spray plants when temperature exceed 90 F. Contact insects directly whenever possible. Repeat treatment as infestations occur.

ON DOGS

To control Fleas, Ticks, and Lice: Start spraying at the tail, moving the sprayer rapidly and making sure that the animal's body is covered, including the legs and underbody. While spraying, fluff the hair so that the spray will penetrate to the skin. Make sure spray wets thoroughly. Do not spray into eyes or face. Avoid contact with genitalia. Repeat as necessary.

NOTE: Not recommended for use on puppies less than four weeks old nor on old, sick or debilitated animals. DO NOT USE ON CATS OR KITTENS.

ON LIVESTOCK

To protect beef and dairy cattle, goats, sheep and horses from Horn Flies, Face Flies, Mosquitoes and Gnats: Apply a light mist sufficient to wet the surface of the hair. For Face Flies, spray face and head, but do not spray into eyes.

To control Stable Flies, Horse Flies and Deer Flies: Apply at a rate of 2 ounces per adult animal, sufficient to wet the hair thoroughly. Repeat treatment daily or at intervals necessary to give control protection.

To control Blood-sucking Lice: Apply to infested area of the animal, using a stiff brush to get the spray to the base of the hair. repeat every 3 weeks if required.

To control Poultry Lice: Spray roosts, walls and nests or cages thoroughly. Follow by spraying over the bird with a fine mist.

6

To control Bedbugs and Mites in poultry houses: Spray crevices of roost poles, cracks in walls, and cracks in nest where the bedbugs and mites hide.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storing or disposal.

Pesticide Storage And Spill Procedures: Store upright at room temperature. Avoid exposure to extreme temperatures. In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.

Pesticide Disposal: Pesticide or rinse water that cannot be used according to label instructions must be disposed of at or by an approved waste disposal facility.

Container Disposal:

CONTAINERS ONE GALLON AND SMALLER: Do not reuse empty container. Wrap container and put in trash collection.

CONTAINERS LARGER THAN ONE GALLON:

Metal Containers - Triple rinse or equivalent, then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

Plastic Containers - Triple rinse or equivalent, then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.
