Subject: Registration Review Label Mitigation for Boric Acid
Product Name: Ant-Fix
EPA Registration Number: 64405-9
Application Date: 7 Oct 2018
Decision Number: 554499

Dear Anna Crowder:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Boric Acid Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

ACCEPTED

Sep 06, 2019

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 64405-9

BORIC ACID/ SODIUM SALTS	GROUP:	8D	INSECTICIDE FUNGICIDE
-------------------------------------	---------------	-----------	----------------------------------

{The MOA Box will be used if required}

Ant-Fix®

{ABN: Persuade}

The Trail Ends Here™

The Slow-Drying, Long-Lasting, No-Drip Sweet Ant and Cockroach Bait Gel

Active Ingredient:

Boric Acid	5.8%
Other Ingredients	94.2%
Total	100.0%

Keep Out of Reach of Children

CAUTION

See back panel for First Aid and additional Precautionary Statements.

Net Contents: ____ oz. (____ g) {syringe}
 [Net Contents: ____ oz. (____ g) {pre-filled bait station}
 {1.5 ounces to 6 ounces}

EPA Reg. No. 64405-9 EPA Est. _____

First Aid

If Swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If in Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. [You may also contact {insert appropriate toll free number} for emergency medical treatment information.]

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
 Use of this product for the control of bed bugs is prohibited.
 Applications to carpets are prohibited.

For use in: residential, industrial and commercial buildings including garages, apartments, homes, food storage areas, hospitals, nursing homes, hotels, motels, office buildings, schools, supermarkets, transportation equipment (ships, trains, boats, aircraft, buses), warehouses, utilities, restaurants and other food-handling establishments.

This bait is most successful when competing sources of food are unavailable. This product is designed to kill Ghost ants, Odorous house ants and other sweet-feeding ants; and cockroaches within 42 days [6 weeks].

Ant-Fix [This product] is a very thick, no-drip, high grip formulation that allows its use on walls, under counters and on flat surfaces. Depress the plunger to dispense approximately ¼ to 1 inch of bait in each location. If the tip of the syringe gets clogged due to the formation of solids, clear by inserting one end of a paper clip.

Bait may be placed on ant trails and near points of entry into structures, such as windows, doors and cracks. Apply only in areas inaccessible to children and pets. Bait may be placed in refillable stations [sold separately] designed to house and protect bait. Avoid contamination of food and feedstuffs. Reapply bait, and/or monitor bait stations and refill, as needed.

Extreme temperatures and moisture may affect the effectiveness of the bait. Do not place bait onto surfaces where the temperature exceeds 120°F. Do not apply bait onto areas that are regularly washed or cleaned. Do not apply other pesticides or other chemicals onto the bait placements.

Ants (except carpenter, fire, harvester and pharaoh ants): Apply bait in areas where ants are noticed; this may include areas in kitchens (behind stoves, refrigerators, splash plates and around plumbing), pantries, cracks and crevices around window and door sills, in bathroom areas (around sinks, tubs and showers) and other areas where ants are seen.

Cockroaches: For best results apply bait in multiple spot applications of approximately 1/4" to 1/2" in diameter. Apply bait in a thin layer, if desired, in areas where cockroaches may congregate such as cracks, crevices, cracks in and around plumbing, equipment and appliances (such as refrigerators, freezers, dishwashers, ovens and stoves) and other areas such as cracks in walls or construction units, electrical boxes, sinks, toilets and warm, moist areas that offer roaches harborage and/or a food source. Kills cockroaches within 42 days [6 weeks].

Ants (except carpenter, fire, harvester and pharaoh ants) **and Cockroaches:** Applications in food/feed handling and processing establishments, including Federally-inspected food plants: In food areas, apply bait only in cracks, crevices and inaccessible areas or in tamper-resistant bait stations. Apply in food areas, including serving areas, when the establishment is not in operation. Apply small bait placements in cracks and crevices where ants or roaches may travel or congregate, openings into voids, between elements of construction, around plumbing, cabinets, sinks and stoves and other areas. Remove bait if bait contacts an exposed surface, other than the listed areas, and clean the surface prior to reuse. Kills cockroaches within 42 days [6 weeks].

{For product packaged in pre-filled bait stations:}

Hold the pre-filled bait station level and peel back clear {or other descriptive term} seal to expose entry point to bait. Monitor bait station and replace station when bait is depleted or every three months. To prevent reinfestation and where infestation is great, maintain an uninterrupted supply of bait.

For Ants

(Except carpenter, fire, harvester and pharaoh ants)

Place bait stations near ant activity (for example, along baseboards in closets, behind or in cabinets, etc.).

For Cockroaches

Place bait stations where cockroaches or their signs have been seen or observed (for example, in attics, in cabinets, behind bookshelves, etc.). Kills cockroaches within 42 days [6 weeks].

{For product labeled only for household/residential uses:}

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store product in original container in a cool, dry place out of reach of children and pets. **Container Handling:** Non-refillable container; do not reuse or refill this container. **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

{For product labeled for household/residential/industrial/commercial uses:}

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store product in original container in a cool, dry place out of reach of children and pets. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Handling:** Non-refillable container; do not reuse or refill this container. Clean container promptly after emptying, then offer for recycling, if available, or place in trash.

{Per PR Notice 2007-4 the batch code/lot number will appear on the label or container.}

WARRANTY DISCLAIMER

To the extent not prohibited by applicable law, Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. To the extent not prohibited by applicable law, **MANUFACTURER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.**

Inherent Risks of Use

The directions for use of this product are believed to be adequate and must be carefully followed. It is impossible to eliminate all risks associated with use of this product. Lack of performance or other unintended consequences may result because of such factors as use of the product contrary to label instructions, abnormal conditions, the presence of other materials, climatic conditions or the manner of use/application, all of which are beyond the control of the Manufacturer. To the extent not prohibited by applicable law, the buyer/user assumes all such risks.

Limitation of Remedies

To the extent not prohibited by applicable law the exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability or other legal theories) shall be limited to, at Manufacturer's election, one of the following:

1. Refund of purchase price paid by buyer or user for product bought, or
2. Replacement of amount of product used.

To the extent not prohibited by applicable law: a) Manufacturer shall not be liable for losses or damages resulting from handling or use of this product unless Manufacturer is promptly notified of such loss or damage in writing; and b) **TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW IN NO CASE SHALL MANUFACTURER BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES OR LOSSES, INCLUDING WITHOUT LIMIT, HEALTH RELATED DAMAGES OR INJURIES.**

The terms of this **Warranty Disclaimer** and **Limitation of Remedies** cannot be varied by any written or verbal statements or agreements. No employee or sales agent of Manufacturer or the seller is authorized to vary or exceed the terms of this **Warranty Disclaimer** or **Limitation of Remedies** in any manner.

It is not intended that this product be used to practice any applicable patent, whether mentioned or not, without procurement of a license, if necessary, from the owner, following investigation by the user.]
