Have the product container or label with you when calling a poison control center or doctor, or going for treatment	

(Note The First Aid statements grid format will be used if label space allows otherwise a paragraph format will be used }

Physical or Chemical Hazards

Extremely flammable Contents under pressure Keep away from fire sparks and heated surfaces Do not puncture or incinerate container Exposure to temperatures above 130°F (54°C) may cause bursting Protect from direct sunlight Do not spray close to naked flames or incandescent bodies Do not smoke during application

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

Shake Well Before Use

Introduction

Cymex Aerosol [This product] contains an Insect Growth Regulator (IGR) and insecticide combination for indoor control of bed bugs fleas and ticks ensuring six months of residual effect. Cymex Aerosol [This product] gives protection against both adult and larval fleas. Methoprene, the IGR, works specifically on pre-adult fleas preventing them from maturing into biting adults. The performance of pyrethrins and Permethrin are enhanced by the synergist kill adult ticks fleas and other insects very quickly and effectively. Cymex Aerosol [This product] was developed for surface treatments. **Do not spray directly on pets**

Use Restrictions

- Do not treat pets with this product
- Do not apply this product in a way that will contact adults children, or pets either directly or through drift
- Do not allow adults children or pets to enter the treated area until sprays have dried
- Remove pets birds and cover fish aquariums before spraying
- Remove or cover exposed food or drinking water before application
- Avoid contamination of food and feedstuffs Remove or cover dishes utensils food processing equipment and food preparation surfaces or wash them before use
- Do not apply directly to animals
- Remove or cover dishes utensils food processing equipment and food preparation surfaces or wash them before
 use
- Do not use in aircraft cabins
- Do not use in food handling establishments in which food is held processed prepared and/or served. When used
 in the home cover or remove all exposed food and cooking utensils and cover all food processing surfaces or
 wash thoroughly after treatment and before reuse.

Application Directions

A 1 pound 10 5 ounce (750 ml/750 gm) can treats up to 3,000 square feet [2 65 ounces/300 square feet or 0 9 ounce/100 square feet] of surface area A noticeable foam will appear during application this foam helps provide a uniform spray pattern and will dissolve a few minutes after application

To Kill and Control Bedbugs Spray directly onto bedbugs and onto areas that may harbor bedbugs such as under beds, box springs, areas where baseboards walls & carpets come together, night stands head boards molding or other areas that may provide harborage. Other areas may include wall voids cracks and crevices, around doors and windows closets false ceilings and storage areas. Reapply after 7 days if reinfestation is heavy or for areas that were possibly missed.

For Flea and Tick Infestations Hold can upside down point application tip toward surface to be treated and push button to activate Apply in a sweeping motion 2 3 feet from the surface area being treated Apply spray in a uniform pattern to all surfaces infested with fleas and ticks including carpets rugs drapery furniture and around pet sleeping/resting areas. Lightly dampen but do not saturate treated surfaces. Thorough coverage provides the best results for flea and tick infestations. Do not reoccupy treated areas until spray has dried. Remove pet sold bedding and replace with clean fresh bedding after treatment of pet areas. Simultaneously treat pets with a flea and tick control product registered for use on pets prior to allowing reentry into treated areas. Reapply as reinfestation warrants within 14 21 days, especially to infested areas possibly missed in the original treatment.

Storage and Disposal

Do not contaminate water food or feed by storage or disposal

Pesticide Storage Store in a cool dry place, away from heat sparks and open flame. Keep container closed and out of reach by children and animals Pesticide Disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Container Handling. Non refillable container do not reuse or refill this container. Do Not Puncture or Incinerate! If empty. Place in trash or offer for recycling if available [This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label.] If partly filled. Call your local solid waste agency for disposal instructions.

{Per PR Notice 2007 4 the batch code/lot number will appear on the label or container}

Warranty Disclaimer

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions subject to the inherent risks set forth below.
